EXPERIENCE

Financial Analyst Intern

University Project January 2025 - June 2026 Chicago, IL

Served as a Financial Analyst Intern for a capstone project emphasizing investment strategies optimization. Developed financial models projecting revenue based on market trends and led presentations demonstrating findings. Harnessed teamwork and peer feedback, enhancing report logic and accuracy during a dynamic research environment.

- Conducted extensive financial analysis for strategic use in investment approaches.
- Collaborated with peers to forge a robust financial model reflecting current market conditions.
- Presented insightful findings to faculty and received positive reviews acknowledging clarity.
- Ensured accuracy via Microsoft Excel, bolstering confidence in projections.
- Researched industry benchmarks to substantiate recommendations made to stakeholders.
- Engaged in rigorous peer-review sessions, fostering stronger collaborative outcomes.

Research Assistant

Academic Research September 2024 - December 2024 Chicago, IL

Assisted in key research focused on evaluating economic factors influencing small businesses. Gained hands-on experience conducting literature reviews and supporting qualitative and quantitative data analyses alongside faculty members.

- Analyzed data patterns crucial for empirical evaluations in economic studies.
- Produced comprehensive literature reviews that informed final project conclusions.
- Supported faculty in preparing the deliverables for local conference presentations.
- Learned about statistical software applications effective for detailed data visualization.

STRENGTHS

- Analytical Skills**
Effective in utilizing frameworks for data interpretation and client assessments, ensuring accurate outcome predictions.
- Team Collaboration**
Established rapport across diverse teams, gaining support and accountability in collaborative tasks.
- Research Proficiency**
Acquired crucial skills through extensive research intervals leading to actionable strategies on definitive topics.
- Time Management**
Demonstrated ability to prioritize varied tasks effectively in fast-paced project environments repeatedly.
- Presentation Skills**
Regularly shared compelling narratives about project findings, establishing clarity upon complex subjects and ideas.
