STRENGTHS

- 🔗 **Growth planning**
Turned technical, content, and off site priorities into focused roadmaps that gave teams clearer decisions and momentum.
- ♥️ **Editorial judgment**
Built review paths for regulated content, and teams gained confidence from documented decisions and visible quality checks.
- 🔗 **Technical partnership**
Worked beside developers on migrations, templates, schema, and performance issues until solutions held in production.
- ⚙️ **AI operations**
Created practical LLM workflows with human review and verification, keeping output useful when automation alone fell short.
- 📊 **Business reporting**
Connected organic visibility with engagement and revenue, giving senior partners a clearer reason behind each priority.

EXPERIENCE

Director, Organic Growth and AI Content

Northstar Payments Group 📅 May 2022 - Present 📍 Austin, TX

Own regulated organic growth and AI content operations for a payments business, guiding technical SEO, editorial systems, reporting, compliance, and partner delivery across multiple markets.

- Set **organic growth** priorities across technical SEO, content, off site programs, and **AI visibility**.
- Built an **LLM content pipeline** with **orchestration**, evaluation, verification, and human editorial review.
- Connected search reporting with engagement, signups, transactions, and revenue for senior decisions.
- Directed developers, writers, agencies, and partners through clear quality and review standards.
- Embedded Legal and Compliance checks, audit trails, and documented controls into content production.
- Tracked **Google AI Overviews**, ChatGPT, Perplexity, and **Copilot visibility** through structured reporting.

Senior SEO and Content Strategy Manager

Lighthouse Fintech Solutions 📅 January 2019 - April 2022 📍 Denver, CO

Led technical SEO and content strategy for a regulated fintech portfolio, coordinating developers, writers, analysts, and external contributors across market expansion and platform change.

- Led **multilingual SEO** planning across locale folders, hreflang, redirects, and **site architecture**.
- Directed **schema markup** and **structured content** work that improved entity clarity for search platforms.
- Managed migration planning with developers, protecting priority pages and referral paths.
- Used **Google Search Console**, Ahrefs, SEMrush, and **web analytics** for performance decisions.
- Coordinated Legal and Compliance review for regulated pages, claims, and editorial updates.
- Managed writers, freelancers, and agencies through briefs, review gates, and delivery schedules.

SEO Manager

Blue Mesa Commerce 📅 July 2016 - December 2018 📍 Phoenix, AZ

Managed multi region technical SEO and content programs, translating site architecture, performance, and off site priorities into deliverable plans for product and marketing teams.

- Improved regional site architecture through URL planning, **redirects**, **hreflang**, and template updates.
- Partnered with developers on **structured data**, Core Web Vitals, and crawl issue resolution.
- Built **off site SEO** plans with agencies and **link building** partners for priority markets.
- Created reporting that connected organic visibility with engagement and qualified conversions.
