EXPERIENCE

Financial Analyst Intern

University Project 📅 January 2026 - Present 📍 Richmond, VA

Supported analysis and presentation development for various case studies, improving peers' academic projects. Worked closely on client research and financial model creation, applying theories learned during coursework.

- Conducted comprehensive market research, informing pitch materials and enhancing project presentations.
- Developed complex financial models, including DCF and comparative analyses, boosting understanding of essential valuation techniques.
- Collaborated with teammates to prepare impactful presentations, showcasing findings and recommendations clearly.
- Managed simultaneous projects under tight academic deadlines, consistently meeting expectations for quality and accuracy.
- Analyzed corporate financial statements, delivering insights that shaped project strategies and outcomes.
- Utilized Microsoft Excel and financial databases expertly for data analysis, ensuring solid interpretations.

Investment Banking Analyst

Capstone Project 📅 September 2025 - December 2025 📍 Richmond, VA

Participated in a dynamic, simulated investment banking setting, executing M&A transactions and honing analytical skills. Developed competence in financial modeling while collaborating with peers.

STRENGTHS

- 🔍 **Research Enthusiasm**
Passionate researcher focused on uncovering valuable insights, resulting in elevated project impact.
- 💬 **Effective Communication**
Skillful communicator able to translate complex financial concepts into easy-to-understand presentations.
- 🔄 **Adaptability to Challenges**
Successfully adapted projects to evolving requirements, continually achieving quality results despite changes.
- 👥 **Team Collaboration**
Thrives in team settings by fostering supportive environments and facilitating collective problem-solving efforts.
- 💡 **Analytical Problem Solving**
Strong analytical skills led to innovative approaches for complicated financial issues discussed during projects.
