STRENGTHS

- 👥 **Staff Coordination**
Built schedules around coverage needs and certifications. Staff often sought help resolving shift questions and service gaps.
- 💧 **Water Quality**
Kept testing, chemical checks, and supply counts connected. Consistent logs made daily pool decisions easier.
- 🔧 **Facility Care**
Inspected pumps, filters, and mechanical spaces early. Small findings became planned repairs instead of public disruptions.
- ♥️ **Safety Leadership**
Reinforced accident prevention and protective equipment use. Clear reminders helped teams respond with confidence during busy periods.
- ☰ **Work Prioritization**
Sorted requests by risk and urgency. Supervisors received useful updates, and repairs fit more smoothly around programming.
