SUMMARY

Bridge traffic operations professional with three years of experience directing cars and commercial trucks, supporting **toll lane activity**, monitoring roadway conditions, and communicating with **toll collectors** and supervisors. Work includes incident response, lane recovery, turnaround support, cargo identification, barricade upkeep, cone placement, traffic light replacement, and basic equipment repair. Maintains a valid **Texas Driver License** and strong driving record, with practical knowledge of **traffic control principles**, municipal vehicle operation, office procedures, computer use, and accurate shift documentation. Communicates clearly in spoken English and Spanish, including during high noise, heavy truck activity, extreme South Texas heat, fumes, and changing traffic patterns. Organized and physically prepared for outdoor work, task switching, accident clearing, and safe decisions within established policies. Brings calm judgment and dependable public service to bridge operations.

EXPERIENCE

Traffic Control Attendant, Bridge Operations April 2025 - Present
Borderland Toll Operations *McAllen, TX*

- Supports busy **bridge toll operations** across multiple outdoor lanes, coordinating vehicle movement, incident response, equipment checks, and bilingual driver guidance. Works with toll staff and shift supervisors to protect safe flow, recover disrupted lanes, and keep operational changes clear.
- Directed cars and trucks through toll queues, keeping open lanes clear for operational changes.
 - Relayed lane status, stalled vehicles, backups, and hazards by radio to **supervisors** and toll staff.
 - Monitored collisions, damaged equipment, and unsafe behavior, then reported details under site procedures.
 - Guided traffic around disabled vehicles, restoring affected lanes through coordinated safe movement.
 - Inspected **cones**, **barricades**, signal heads, and gate components during routine outdoor rounds.
 - Cleaned equipment and completed minor repairs, escalating electrical or mechanical defects for follow up.
 - Provided **English** and **Spanish** directions during lane changes and turnarounds in high noise conditions.

Yard Traffic Assistant, Freight Operations October 2023 - March 2025
South Texas Freight Yard Services *Pharr, TX*

- Managed entry traffic at a commercial freight yard, balancing truck routing, cargo recognition, documentation, temporary controls, and driver questions. Shift work required steady **task switching**, clear records, safe perimeters, and practical decisions under supervisory policies.
- Directed passenger vehicles and **heavy trucks** into **staging areas**, keeping freight access lanes unobstructed.
 - Identified cargo and trailer types from documents and visual checks before routing drivers.
 - Recorded vehicle and incident details in office **software** and **shift logs** for supervisor review.
 - Repositioned cones and portable barricades as loading activity changed nearby traffic patterns.
 - Established safe perimeters during roadway disruptions and gave drivers alternate directions.
 - Notified supervisors about uncertain cargo classifications, obstructions, and conditions needing operational review.
 - Balanced outdoor traffic direction, driver questions, documentation, and **equipment checks** throughout changing shifts.

PROJECTS

- Toll Lane Recovery Initiative** 📅 2025
- A stalled vehicle can change an entire queue. Supported a practical lane recovery approach using cones, radio updates, bilingual directions, and coordinated vehicle movement to restore safe toll access after minor disruptions.
- Freight Yard Traffic Mapping** 📅 2024
- Small routing choices kept large trucks moving. Helped organize staging directions around loading activity, cargo types, temporary barricades, and alternate paths for smoother yard access.

LEADERSHIP & AWARDS

- Recognized by shift supervisors for dependable traffic direction during busy toll operations.
- Selected by peers as a reliable resource for bilingual driver guidance and lane changes.
- Praised for clear incident records and calm responses during roadway disruptions.

EDUCATION

High School Diploma 2023
PSJA Early College High School GPA: 0 *Pharr, TX*
Coursework: English grammar, computer applications, workplace communication, physical education

CERTIFICATIONS

- Work Zone Traffic Control Fundamentals 📅 2024
- Valid Texas Driver License 📅 2023
