STRENGTHS

- ♥ **Patient centered planning**
Case reviews connected clinical needs with family realities and available services, creating plans patients could follow.
- 🔗 **Clinical judgment**
Changes in condition received timely review and escalation; peers sought input when priorities shifted quickly.
- 🗣️ **Team communication**
Clear updates helped physicians, nurses, therapists, and payers reach workable decisions during difficult transitions.
- 🔧 **Resource coordination**
Post acute options were compared against clinical goals, and referral workflows became easier for teams to track.
- ♥ **Practical data review**
Spreadsheet tracking brought recurring delays into view, giving case management leaders useful points for action.

SKILLS

Case management
Utilization review
Care coordination
Discharge planning
Clinical assessment
Age specific competency
Adult inpatient care
Critical thinking Problem solving
Data management
Clinical communication
Resource planning
Reimbursement awareness

SUMMARY

Registered Nurse and hospital case management professional with five years of **clinical experience** across **adult medical surgical** and complex inpatient populations, including more than two years coordinating transitions, utilization review, care planning, and resource planning. Assesses health needs, identifies discharge barriers, develops individualized plans, monitors progress, and evaluates service options for safe, quality focused, cost conscious outcomes. Applies **age specific competency**, utilization management principles, reimbursement awareness, medical literature, research methodology, critical thinking, and data review in complex hospital settings. Communicates clearly with physicians, nurses, therapists, social services, leaders, patients, families, payers, and community providers. Uses **hospital information systems**, spreadsheets, statistical functions, and word processing for reliable documentation and decision support. Brings practical experience influencing multidisciplinary decisions and can support patient centered care coordination across varied populations.

EXPERIENCE

RN Case Manager, Adult Inpatient Case Management

Cumberland Valley Medical Center 📅 June 2024 - Present 📍 Nashville, TN

Leads concurrent **case management** for adult inpatients, connecting clinical assessment, utilization review, discharge planning, reimbursement awareness, and community resources. Supports multidisciplinary decisions, tracks care progression, and documents recommendations across hospital information systems.

- Built individualized plans from clinical assessment, utilization criteria, and community resource reviews.
- Escalated discharge barriers through physician, nursing, therapy, social service, and payer discussions.
- Documented **level of care** rationale using **utilization management** and reimbursement knowledge.
- Matched post acute services with **chronic disease**, functional, family, and clinical needs.
- Tracked referral status and avoidable delays through **spreadsheet analysis** and **statistical functions**.
- Resolved difficult care progression decisions through concise interdisciplinary communication and patient focused planning.

Registered Nurse, Adult Medical Surgical Care

Volunteer Regional Hospital 📅 July 2022 - May 2024 📍 Franklin, TN

Delivered direct nursing care for adult medical surgical patients with varied acuity while building broad assessment, education, documentation, and transition planning capability. Supported **case management** referrals and coached newer nurses on complex discharge workflows.

- Delivered age specific care for **adult medical surgical** patients with varied acuity and changing needs.
- Initiated referrals after identifying clinical and social barriers affecting **discharge readiness**.
- Synthesized **laboratory findings**, physician plans, nursing assessments, and treatment responses for escalation.
- Prepared families for medications, **follow up needs**, **warning signs**, equipment, and post acute services.
- Recorded assessments, interventions, education, and responses in electronic health records.
- Guided newer nurses through complex discharge workflows and multidisciplinary communication.

Registered Nurse, Adult Inpatient Services

Riverbend Community Hospital 📅 June 2021 - June 2022 📍 Clarksville, TN

MY CAREER

● RN Case Manager, Adult Inpatient Case Management at Cumberland Valley Medical Center (2.3 Years)

● Registered Nurse, Adult Medical Surgical Care at Volunteer Regional Hospital (1.8 Years)

● Registered Nurse, Adult Inpatient Services at Riverbend Community Hospital (1 Years)

Managed daily nursing care for adult medical, surgical, and chronic health conditions, developing broad population competency and sound clinical prioritization. Coordinated diagnostic, treatment, mobility, home support, documentation, and transition needs across **hospital departments**.

- Prioritized nursing care for adult medical, surgical, and chronic inpatient conditions.
- Coordinated diagnostic, treatment, mobility, and home support needs with ancillary departments.
- Escalated changes in patient condition through **critical thinking** and established **clinical protocols**.
- Educated caregivers on medications, follow up care, recovery expectations, and warning signs.
- Maintained electronic documentation that supported **handoffs, utilization review**, and interdisciplinary planning.
- Reviewed discharge and **readmission** cases to identify resource use and transition gaps.

PROJECTS

Care Progression Delay Review 📅 2025

Reviewed referral status and avoidable delay patterns through spreadsheet analysis, supporting clearer case management reporting and follow up decisions.

Adult Transition Support Framework 📅 2024

Created a practical transition review approach connecting clinical findings, family constraints, post acute services, and patient education needs.

LEADERSHIP & AWARDS

- Accredited Case Manager recognition received for focused clinical coordination and sound transition planning, 2025.
- Unit recognition received for supporting newer nurses with complex discharge workflows and interdisciplinary communication.
- Leadership contribution included participation in discharge and readmission case reviews that identified preventable transition gaps.

EDUCATION

Bachelor of Science in Nursing

Middle Tennessee State University 🎓 GPA: 4.0 📅 2021 📍 Murfreesboro, TN

Coursework: Adult health nursing, community health, pharmacology, nursing research

CERTIFICATIONS
