SUMMARY

CDL A delivery driver with four years of commercial experience moving dry, refrigerated, and frozen foodservice freight across regional routes. Holds a valid **Class A Commercial Driver's License** and applies DOT regulations, Hazmat guidelines, food safety controls, electronic logging, and **safe delivery methods** during day, evening, and overnight operations. Handles **three axle tractors, 45 to 48 foot trailers**, straight trucks, hand carts, pallets, load bars, SLS units, and onboard computers. Completes inspections, invoices, returns, backhauls, line hauls, maintenance reports, and temperature checks with care. Communicates clearly with dispatch, customers, and management when traffic, weather, equipment, product, or access conditions change. Brings steady route organization, sound judgment, courteous service, and dependable execution across demanding delivery environments.

EXPERIENCE

CDL A Foodservice Delivery Driver October 2024 - Present
Midland Fresh Logistics Peoria, Illinois

- Support regional foodservice distribution through evening and overnight routes, serving restaurant and institutional customers with mixed temperature freight. Manage route sequencing, delivery documentation, equipment checks, product handling, customer communication, and issue escalation while working independently across changing traffic and weather conditions.
- Execute evening foodservice routes, sequencing stops and paperwork for timely frozen, refrigerated, and dry deliveries.
 - Unload cases with **hand carts** across docks, ramps, and stairs, placing products in designated storage areas.
 - Monitor trailer temperatures and product condition, separating concerns through sanitary handling and **food safety** practices.
 - Complete pre trip inspections, **DOT electronic logs, maintenance reports**, and invoice reconciliation before route closeout.
 - Operate three axle tractors, load bars, pallets, **onboard computers**, and **45 to 48 foot trailers** safely.
 - Build customer trust through accurate scanning, clear exception updates, and orderly product placement at delivery.

Commercial Delivery Driver October 2022 - September 2024
Heartland Route Services Bloomington, Illinois

- Managed tractor trailer deliveries for mixed temperature food and restaurant supplies across scheduled regional routes. Organized stops independently, stabilized freight, processed returns, completed equipment checks, and coordinated with dispatch when weather, traffic, loading, or customer access affected delivery plans.
- Drove **tractor trailer** routes carrying mixed temperature freight, organizing stop priorities and delivery documents independently.
 - Stabilized freight with **load bars** and pallet positioning, reducing movement during departure and multi stop routes.
 - Retrieved **damaged goods** and **customer returns**, verified quantities, and delivered backhaul freight for accurate disposition.
 - Reported tire, lighting, brake, **trailer**, and loading concerns through established maintenance channels before route departure.
 - Moved heavy cases with **two wheel hand carts**, using controlled lifting and pushing techniques in tight spaces.
 - Communicated route changes with dispatch and customers when weather, traffic, or access conditions altered delivery timing.

PROJECTS

Regional Foodservice Route Operations 📅 2026
Coordinated mixed temperature delivery work across docks, ramps, stairs, and customer storage areas. Applied route planning, invoice checks, temperature control, safe unloading, and customer communication during demanding regional service runs.

Returns and Backhaul Control 📅 2024
Managed damaged goods, customer returns, and backhaul freight through quantity verification, paperwork review, safe transport, and scheduled return handling. Supported accurate product disposition without disrupting planned delivery work.

LEADERSHIP & AWARDS

- Recognized by route teams for dependable customer communication and orderly product placement during demanding service stops.
- Selected by dispatch partners as a trusted driver for independent route organization and changing delivery conditions.
- Maintained a consistent safety focus through documented inspections, careful freight handling, and timely issue escalation.

EDUCATION

High School Diploma 2020
Manual Academy GPA: 3.0 Peoria, Illinois
Coursework: English communication, basic arithmetic, workplace safety, physical education
