SUMMARY

Cement finisher with four years of field experience supporting **public infrastructure, concrete placement**, masonry, rebar, **asphalt repair**, and active roadway work. Finishes curbs, gutters, sidewalks, pads, patios, and small slabs through screeding, floating, edging, curing, and surface treatment. Prepares forms, checks elevations, coordinates placement timing, patches damaged curbs, lays brick, repairs potholes, and ties reinforcing steel. Works safely near traffic, heavy equipment, heat, loud noise, confined spaces, and changing site conditions. Follows supervisor direction, organizes daily assignments, gives clear guidance when assigned, and communicates in written and spoken English plus spoken Spanish. Maintains a valid **Texas Driver License** and dependable driving record for local travel. Consistent workmanship and steady teamwork support safe, lasting public spaces.

EXPERIENCE

Cement Finisher, Municipal Concrete November 2024 - Present
Southline Civil Works *Edinburg, TX*

Supports municipal concrete operations from form preparation through finishing, curing, inspection, and localized restoration. Works with crews on public surfaces, reinforced sections, traffic adjacent sites, and changing assignments while maintaining safe production and clear communication.

- Finished municipal curbs, **gutters, sidewalks**, and slabs using screeds, floats, edgers, and hand tools.
- Prepared forms and placement areas, then checked elevations with crews before **concrete placement** began.
- Set and tied **rebar**, confirming spacing and stability before reinforced concrete sections received concrete.
- Restored damaged **curbs** near street features while protecting adjacent pavement and maintaining orderly work areas.
- Applied curing practices and surface treatments, then corrected finishing defects before completed sections were released.
- Adjusted daily tasks around traffic, heat, loud equipment, weather, and changing supervisor direction.

Construction Laborer, Concrete and Street Repair October 2022 - October 2024
Borderland Paving & Masonry *Mission, TX*

Supported concrete, masonry, asphalt, and reinforcing work across local public access projects. Organized tools, materials, vehicles, and changing assignments while learning established **construction methods** under experienced finishers and supervisors.

- Supported **concrete placement** and finishing for sidewalks, **patios**, curb repairs, and public access surfaces.
- Mixed and leveled **mortar**, laid brick along established lines, and cleaned **masonry** repairs for inspection.
- Prepared failed asphalt areas, placed patch material, compacted lifts, and restored potholes for vehicle travel.
- Positioned **steel rods** and tied rebar before concrete placement, identifying spacing and support concerns.
- Organized tools, materials, and daily assignments so crews moved between pavement and masonry tasks smoothly.
- Drove company vehicles between local jobsites while communicating professionally with supervisors, coworkers, and nearby residents.

PROJECTS

Municipal Sidewalk Restoration 📅 2024

Supported sidewalk and curb restoration by preparing forms, coordinating concrete placement, finishing surfaces, applying curing practices, and correcting defects before inspection.

Local Pothole Repair Program 📅 2023

Prepared damaged pavement, placed asphalt patch material, compacted repair lifts, and helped restore safer driving surfaces across local streets.

LEADERSHIP & AWARDS

- Recognized by supervisors for dependable concrete finishing and consistent surface quality on municipal work.
- Trusted by crews to organize tools, materials, and changing assignments across concrete, masonry, and asphalt tasks.

EDUCATION

High School Diploma 2022
Veterans Memorial High School GPA: 3.0 *McAllen, TX*

Coursework: Construction safety, shop mathematics, technical communication, physical education

CERTIFICATIONS

- Texas Driver License 📅 2026
- OSHA 10 Hour Construction Safety 📅 2023

TECHNICAL SKILLS

- **Concrete Finishing:** Screeds, floats, edgers
- **Concrete Placement:** Forms, slabs, curbs
- **Concrete Treatment:** Curing, sealing, surface treatment
- **Masonry Work:** Mortar, brick, leveling
- **Asphalt Repair:** Patching, paving, compaction
- **Reinforcing Steel:** Rebar, steel rods, tying
- **Construction Tools:** Hand tools, floats, edgers
- **Site Safety:** OSHA 10, traffic control, PPE
- **Field Operations:** Jobsite travel, vehicles, warehouses
- **Communication:** Written English, spoken English, spoken Spanish
- **Work Planning:** Organization, time management, daily assignments
