

Magdalena Miranda

Certified Pharmacy Technician

JULY 11, 2026

HealthPlus Pharmacy
Hiring Manager
Palatine, IL

Dear Hiring Manager,

I am excited to submit my application for the Certified Pharmacy Technician position at HealthPlus Pharmacy, as this opportunity aligns perfectly with my dedication to providing excellent patient care while utilizing advanced technology to optimize medication delivery in a bustling environment.

Reflecting on my experiences, I realize my time at HealthFirst Pharmacy provided immense growth. I engaged with patients daily, ensuring they received medications safely and efficiently, even amidst the occasional rush. There were moments when I felt overwhelmed, yet those challenges cultivated resilience and clarity in my responsibilities.

Moreover, while managing inventory and restocking medications, I implemented improved strategies that reduced errors, highlighting the importance of accuracy, especially when dealing with controlled substances. Training new staff reinforced my belief that collaboration is key to fostering a productive workplace.

Whether ensuring compliance with safety protocols or collaborating with pharmacists and colleagues, I thrive in environments where every detail counts and where patient safety remains the highest priority. I continuously seek methods to refine processes, believing improvement is a constant journey.

I am eager to contribute my skills and experiences to HealthPlus Pharmacy, bridging my passion for patient care with your team's mission of delivering compassionate service.

Thank you for considering my application.

Sincerely,

Magdalena Mir
