

Luka Berg

Commissioning Senior Manager, Mechanical

AUGUST 11, 2026

Fleet Solutions
Commissioning Senior Manager
Las Vegas, NV

Dear Hiring Manager,

I am thrilled to apply for the Commissioning Senior Manager position at Fleet Solutions, where my deep-rooted passion for engineering harmonizes perfectly with the intricate nuances of mechanical systems and their commissioning, creating a thrilling tapestry of innovation that sweeps through the landscape of mission-critical facilities.

Over eight impactful years, I have cultivated an exceptional ability to steer complex commissioning processes while enhancing mechanical, electrical, and plumbing systems, collaborating seamlessly with diverse teams to ensure compliance with rigorous performance and safety standards.

At Tech Solutions, Inc., I spearheaded commissioning activities, skillfully overseeing high-profile data center projects, which resulted in elevated performance metrics and meticulous adherence to deadlines and budgets, impacting client satisfaction profoundly.

Despite facing challenges, such as coordinating across various teams, my commitment to transparent communication and diligent project management fostered a collaborative environment, leading to timely and successful project completions.

With strong expertise in HVAC systems and a dedication to cultivating excellence in commissioning, I am eager to lend my talents to Fleet Solutions, enriching your team with experience and innovative strategies, as together we write the next chapter in mechanical commissioning.

Best regards,

Thanks,

Luka Berg
