SUMMARY

Community health paramedic with four years of progressive **EMT P experience** across 911 response, **advanced life support**, behavioral health calls, injury care, and field based community medicine. Performs complete patient assessments, treatment, stabilization, education, and disposition planning within Colorado **medical director** protocols. Uses clinical judgment during dynamic calls, coordinates with fire, police, emergency departments, behavioral health teams, and community agencies, and connects patients with appropriate resources. Maintains accurate **ESO patient care reports**, confidentiality, and clear handoffs. Current Colorado EMT Paramedic, ACLS, CPR, and driver credentials support dependable mobile care across varied weather and operational conditions. Ready to contribute practical field judgment, compassionate service, and reliable documentation within a community response program.

EXPERIENCE

Community Paramedic January 2025 - Present
Summit Community Medical Response *Aurora, Colorado*

Supports field based community medicine across medical, behavioral health, injury, and social resource calls. Reviews pending responses, selects safe care pathways, delivers advanced life support, coordinates partner agencies, and completes ESO documentation while preserving confidentiality and continuity.

- Reviewed pending **911 calls** and selected community responses using medical director protocols and clinical judgment.
- Assessed medical, behavioral health, injury, and social needs before selecting safe disposition and follow up resources.
- Delivered **advanced life support**, stabilized patients, and reassessed response within EMT P scope and **physician guidelines**.
- Coordinated fire, police, emergency departments, and community agencies during complex field encounters requiring **clear communication**.
- Documented assessments, treatment, education, and disposition accurately in **ESO patient care reports** before closing encounters.
- Prioritized simultaneous field demands, recognized deterioration, and escalated patients needing higher acuity emergency intervention.
- Operated **non emergent vehicles** across changing weather while maintaining readiness for lifting and field exposure.

Paramedic July 2022 - December 2024
Rocky Mountain EMS Partners *Lakewood, Colorado*

Delivered 911 paramedic care across urban and suburban response areas, managing medical, trauma, and behavioral health emergencies. Combined advanced life support, **patient education**, scene coordination, infection control, and precise ESO reporting across variable shifts and high demand calls.

- Delivered 911 **paramedic** care across urban and suburban areas for medical, trauma, and behavioral emergencies.
- Completed focused and comprehensive assessments, then communicated concise clinical updates during transfer of care.
- Administered **advanced life support** under physician approved protocols and reassessed patient response during transport.
- Recorded histories, medications, procedures, and dispositions in ESO electronic patient care records for clinical review.
- Coordinated **fire** and **police** personnel when patient access, safety, or behavior required unified scene operations.
- Educated patients and caregivers on immediate care instructions and follow up **community resources** after evaluation.
- Maintained ambulance readiness across overnight and weekend schedules while applying infection control during disease exposure.

PROJECTS

Community Resource Response Model 📅 2026

Mapped common community health call needs to appropriate follow up resources, supporting safer dispositions, clearer patient education, and stronger coordination with local care partners.

Behavioral Health Field Care 📅 2024

Supported field responses involving behavioral health concerns, using calm assessment, stabilization, confidentiality, and resource navigation for patients and caregivers.

LEADERSHIP & AWARDS

- Recognized for clear communication during coordinated fire, police, and emergency department responses.
- Commended for accurate ESO documentation and dependable patient confidentiality practices.
- Trusted by peers for calm clinical judgment during changing field conditions and competing calls.

EDUCATION

Associate of Applied Science in Emergency Medical Services 2022
Community College of Aurora GPA: 3.5 *Aurora, Colorado*

Coursework: Advanced life support, patient assessment, emergency pharmacology, medical terminology

CERTIFICATIONS

- State of Colorado EMT Paramedic Certification 📅 2022
