SUMMARY

Cook with four years of **high volume restaurant** experience, including more than two years on broiler and sauté stations in polished dining environments. Skilled in charbroiling, poaching, **deep frying**, pan frying, sautéing, roasting, griddling, and par cooking. Follows **standardized recipes**, portion guidelines, and presentation expectations with steady focus during demanding service. Prepares **mise en place**, checks flavor and doneness before release, applies plate garnishes, and maintains safe serving temperatures. Handles stock rotation, ingredient preparation, food storage, sanitation, setup, and closing cleanup with dependable consistency. Communicates clearly with sous chefs and line teammates, keeping production organized as ticket volume changes. Ready to bring disciplined station work, sound food safety habits, and reliable service support to a high end kitchen.

EXPERIENCE

Cook 2

January 2025 to Present

Prairie House Kitchen

Edmond, OK

Supports high volume dinner production across broiler and sauté stations, coordinating preparation, service, quality checks, storage, and sanitation. Works closely with culinary leadership and line teammates to keep plates accurate, timely, and appealing.

- Runs broiler and **sauté** production, sequencing proteins, **vegetables**, sauces, and sides for complete plates.
- Executes charbroiling, **pan frying**, sautéing, roasting, griddling, poaching, deep frying, and **par cooking**.
- Builds **mise en place** through washing, peeling, slicing, **chopping**, and portioning before service begins.
- Tastes preparations, checks doneness and plate quality, then applies consistent garnishes before release.
- Rotates refrigerated and dry stock by date, communicating product needs early to prevent shortages.
- Maintains safe storage temperatures, cleans equipment during production, and leaves stations ready for closing.

Broiler and Sauté Cook

October 2022 to December 2024

Copper Elm Dining Room

Oklahoma City, OK

Managed broiler and sauté execution in a high end, high volume dining room. Balanced recipe accuracy, guest order timing, ingredient readiness, food safety, stock rotation, and station sanitation during busy service periods.

- Managed broiler and sauté execution for proteins and accompaniments during busy dining room service.
- Coordinated charbroiled, sautéed, pan fried, roasted, and griddled items across neighboring stations.
- Followed **standardized recipes** and portion specifications, supporting consistent flavor, appearance, and **waste control**.
- Prepared daily **mise en place** with safe knife practices, organized storage, labeling, and rotation.
- Checked cooked food for doneness, taste, appearance, and serving temperature before guest release.
- Completed opening setup, continuous sanitation, **stock rotation**, breakdown, and **cleanup** during service.

Line Cook

June 2022 to September 2022

Oak Table Grill

Oklahoma City, OK

Supported supervised line production with **ingredient preparation**, recipe execution, station organization, and sanitation. Built early experience across broiler, sauté, and prep work while learning dependable service rhythms in a busy kitchen.

- Prepared vegetables, sauces, and proteins for service using recipes and established **portion guidelines**.
- Supported broiler and sauté stations during peak periods, maintaining accurate timing and clean handoffs.
- Checked ingredient quality, storage labels, and **serving temperatures** before items moved into service.
- Practiced safe knife work through **washing**, peeling, slicing, chopping, and organized **mise en place**.
- Cleaned tools, equipment, and work surfaces throughout shifts, supporting sanitary production areas.

PROJECTS

High Volume Service Readiness 📅 2025

Created a repeatable station readiness routine covering mise en place, recipe checks, stock rotation, temperature control, and closing sanitation for busy dinner service.

Plate Quality and Garnish Practice 📅 2024

Practiced tasting, doneness checks, garnish placement, and visual presentation standards across proteins, vegetables, sauces, and composed plates.

LEADERSHIP & AWARDS

- Recognized by kitchen leadership for dependable broiler and sauté station coverage during high volume service.
- Selected by line teammates as a trusted resource for recipe timing, station setup, and food quality checks.
