STRENGTHS

- 🔍 **Analytical judgment**
Turned unclear campaign questions into focused analysis. A clear recommendation often started with one careful source check.
- 📊 **Excel modeling**
Built practical workbooks for spend and cost benefit reviews. Teammates relied on consistent logic during budget discussions.
- 👥 **Retention insight**
Used cohorts and response behavior to separate useful follow up audiences from low value contacts.
- 💬 **Clear communication**
Converted detailed findings into concise presentations. Managers could see implications, limitations, and next actions quickly.
- ☰ **Project coordination**
Kept several analytical workstreams moving with documented definitions, checkpoints, and deadlines. Small details prevented larger delays.

SKILLS

Direct marketing analytics

Media analysis

Cost benefit analysis

Retention analysis

Campaign testing

Re solicitation analysis

SUMMARY

Direct marketing and media analyst with six years of experience translating campaign, retention, spend, response, and customer data into practical business recommendations. Advanced Microsoft Excel user with hands on experience in **cost benefit analysis**, channel evaluation, campaign testing, **re solicitation analysis**, budget tracking, monthly reporting, and **process improvement**. Independently manages concurrent analytical initiatives while aligning work with marketing, media, finance, and analytics stakeholders. Frames ambiguous questions, validates source data, identifies meaningful trends, and explains findings through concise writing, presentations, and discussion. Experience includes direct mail, digital media investment, customer retention, forecasting inputs, recurring performance reporting, and data issue resolution. Brings organized execution, **technical problem solving**, and thoughtful analysis that supports sound marketing investment decisions.

EXPERIENCE

Senior Marketing Analytics Specialist

Northstar Consumer Insurance 📅 March 2024 - Present 📍 Cincinnati, OH

Leads direct response analysis across mail and digital channels, supporting investment decisions through campaign economics, retention insight, testing, budget review, and stakeholder presentations.

- Connected campaign costs, response, retention, and conversion data for **direct mail investment decisions**.
- Built advanced **Excel models** for **cost benefit analysis** and monthly channel spend reviews.
- Designed test readouts across audience, offer, timing, and media variables for actionable decisions.
- Evaluated re solicitation opportunities using response and retention behavior across audience segments.
- Coordinated concurrent analytical projects with **marketing**, media, finance, and analytics partners.
- Presented recommendations with **data limitations**, process issues, and follow up actions documented.

Marketing Analyst

Brightline Direct Media 📅 July 2022 - February 2024 📍 Dayton, OH

Managed acquisition and retention reporting across multiple campaigns, improving data consistency and helping marketing leaders connect media spending with customer **response** and follow up decisions.

- Combined **media** cost, response, conversion, and **customer data** into recurring management reports.
- Maintained Excel channel spend trackers and reconciled variances with media planners.
- Structured cohort retention analyses that informed contact strategy and follow up testing.
- Managed concurrent **campaign** workstreams with documented definitions, deadlines, and review checkpoints.
- Standardized **source checks** and **calculation logic**, reducing manual rework in recurring reports.
- Created presentation materials that translated detailed findings into clear business implications.

Junior Marketing Data Analyst

Riverbend Financial Services 📅 October 2020 - June 2022 📍 Covington, KY

Prepared campaign datasets, reporting workbooks, test control summaries, and project documentation that gave analysts reliable inputs for acquisition, retention, and media decisions.

- Validated campaign source fields and calculated response and cost measures for analyst review.
- Built Excel workbooks using lookups, pivot tables, **conditional logic**, and **structured formulas**.
- Traced unusual response and spend changes to source files or process steps.

MY CAREER

● Senior Marketing Analytics Specialist at Northstar Consumer Insurance (2.6 Years)

● Marketing Analyst at Brightline Direct Media (1.6 Years)

● Junior Marketing Data Analyst at Riverbend Financial Services (1.7 Years)

● Data Analyst at Peak Market Research Group (11 Months)

- Prepared **test control** summaries for mailing and digital **audience** initiatives.
- Maintained project documentation and reporting calendars across several marketing initiatives.
- Produced charts and presentation exhibits for marketing and operations **stakeholders**.

Data Analyst

Peak Market Research Group 📅 October 2019 - September 2020 📍 Cincinnati, OH

Supported marketing research projects through data preparation, quality review, **trend analysis**, request coordination, and presentation support while building a strong analytical foundation.

- Prepared customer and campaign research data using documented **quality checks**.
- Used Microsoft Excel to clean datasets, reconcile totals, and summarize response patterns.
- Reviewed campaign files for missing values and documented exceptions before calculations.
- Organized **research** requests, source materials, and deliverables across overlapping deadlines.
- Drafted observations from trend tables that connected patterns with business questions.
- Verified figures and definitions across presentation exhibits for senior analyst review.

PROJECTS

Direct Media Investment Review 📅 2025

Analyzed mail and digital investment patterns, connecting cost, response, retention, and conversion findings with practical budget review recommendations for marketing stakeholders.

Campaign Retention Testing Framework 📅 2023

Structured cohort and test control analysis that clarified customer response patterns and supported more thoughtful contact strategy decisions across campaign initiatives.

LEADERSHIP & AWARDS

- Recognized by marketing leadership for clear campaign economics reporting and practical investment recommendations.
- Selected by analytics peers as a dependable resource for Excel models, source validation, and reporting quality.
- Led recurring reporting improvements that gave cross functional partners more consistent monthly performance views.
