STRENGTHS

- ♥️ **Evidence Based Decisions**
Customer feedback, analytics, and operational signals shaped roadmap choices. Leaders gained a clearer basis for funding decisions.
- 👥 **People Development**
Hiring, coaching, and practical feedback helped product managers make stronger calls. Colleagues often sought guidance on difficult tradeoffs.
- 🚀 **Risk Partnership**
Risk and compliance partners joined product decisions early. That habit clarified controls before launches and reduced late surprises.
- 📖 **Journey Focus**
Journey mapping connected interface friction with downstream service work. Teams found better fixes after seeing each step together.
- 🗣️ **Executive Influence**
Scenario analysis made complex choices easier to discuss. Senior leaders reached alignment across competing priorities and constraints.

SUMMARY

Digital and technical product management director with 14 years shaping financial services platforms, customer journeys, and portfolio strategies in regulated environments. Leads product organizations from ambiguous opportunity through investment cases, roadmaps, delivery, launch, measurement, and continuous improvement. More than eight years focused on **digital product management**, with over six years leading direct and matrixed teams. Combines business acumen with technical and customer experience foundations across mobile and web products, data, analytics, Experience Design, **Human Centered Design**, research, and process engineering. Uses Agile, **Lean Product Development**, **Lean Portfolio Management**, journey mapping, competitive analysis, KPI and KRI governance, and evidence based prioritization. Partners with senior business, technology, operations, data, risk, compliance, legal, vendors, designers, and developers to guide investment and measurable outcomes.

EXPERIENCE

Director, Digital Product Management

Cedar Ridge Bank 📅 January 2023 - Present 📍 Austin, Texas

Directs a digital product organization supporting identity, relationship stage experiences, and cross channel engagement across mobile and web banking. Sets portfolio direction, develops investment cases, and aligns senior leaders across business, technology, operations, data, risk, **compliance**, and legal.

- Established portfolio strategy and **roadmap** sequencing, aligning leaders around customer and business outcomes.
- Built investment cases using customer evidence, funding needs, capacity, dependencies, and control requirements.
- Introduced **KPI** and KRI reviews combining **analytics**, feedback, operations signals, and risk indicators.
- Developed product managers through hiring, coaching, performance feedback, and clear decision rights.
- Directed mobile and web launches with **designers**, engineers, **vendors**, and control partners.

Senior Manager, Digital Product

Lone Star Credit Union 📅 March 2020 - December 2022 📍 Round Rock, Texas

Managed digital product leaders responsible for authenticated experiences, account servicing journeys, and mobile and online platform improvements. Guided matrixed delivery, customer research, risk controls, portfolio prioritization, and executive decisions across competing investments.

- Reframed planning around customer journeys, **research** findings, **competitive analysis**, and measurable outcomes.
- Led matrixed teams through **Agile** discovery and delivery, converting constraints into executable roadmaps.
- Partnered with Risk and Compliance to define **controls**, monitoring measures, and launch decisions.
- Applied **Lean Portfolio Management** to compare value, effort, dependencies, strategy, and control exposure.
- Presented scenario analysis to senior leaders, securing alignment across competing product priorities.

Lead Digital Product Manager

Prairie National Financial 📅 June 2017 - February 2020 📍 Dallas, Texas

Owned digital account servicing strategy across consumer banking channels, connecting behavioral data, usability research, **customer feedback**, and service themes with release planning. Mentored product managers and coordinated cross functional decisions amid regulatory and technical dependencies.

MY CAREER

● Director, Digital Product Management at Cedar Ridge Bank (3.8 Years)

● Senior Manager, Digital Product at Lone Star Credit Union (2.8 Years)

● Lead Digital Product Manager at Prairie National Financial (2.7 Years)

● Digital Product Manager at Mesa Digital Finance (2.8 Years)

● Associate Product Manager at Desert Community Bank (2 Years)

- Owned account servicing strategy and roadmap across consumer banking channels and release sequences.
- Used behavioral data, **usability research**, and service themes to prioritize journey improvements.
- Defined testable problems with **Experience Design** and **Human Centered Design** methods.
- Created KPI and **KRI** measures balancing adoption, experience quality, **operations**, and control performance.
- Mentored product managers on roadmap communication, research interpretation, and outcome focused decisions.

Digital Product Manager

Mesa Digital Finance 📅 August 2014 - May 2017 📍 Phoenix, Arizona

Managed web and mobile servicing features for consumer financial products, translating customer and operational needs into product plans. Coordinated Agile discovery, testing, release preparation, post launch review, **journey mapping**, analytics, and process engineering.

- Translated customer and operational needs into web and mobile product plans.
- Coordinated Agile teams through discovery, refinement, testing, release preparation, and review.
- Applied analytics and **research testing** to investigate friction and validate product concepts.
- Mapped customer journeys with design partners, connecting interface issues with operations processes.
- Supported **process engineering** that simplified digital handoffs while preserving control steps.

Associate Product Manager

Desert Community Bank 📅 July 2012 - July 2014 📍 Tempe, Arizona

Supported digital banking planning for online account access and servicing in a regulated environment. Maintained requirements, coordinated testing, analyzed usage and service themes, and tracked dependencies and control actions with product, technology, operations, and compliance partners.

- Supported digital banking planning for online access and servicing in regulated environments.
- Maintained feature requirements and release documentation with **technology**, operations, and compliance partners.
- Analyzed usage reports and service themes to frame recurring experience research questions.
- Coordinated **user testing**, documented findings, and translated observations into backlog recommendations.
- Tracked launch dependencies and control actions across cross functional delivery teams.

PROJECTS

Customer Relationship Stage Portfolio 📅 2023

Created a portfolio direction for identity and relationship stage experiences across mobile and web banking. Connected customer evidence, investment cases, roadmap sequencing, KPI reviews, KRI governance, and launch readiness for a regulated financial services environment.

Lean Portfolio Investment Framework 📅 2022

Established a practical comparison model for strategic fit, customer value, delivery effort, dependencies, and control exposure. Helped senior leaders make clearer funding decisions across competing digital product initiatives.

LEADERSHIP & AWARDS

- Selected as a trusted product leadership voice for complex digital investment and roadmap decisions.
- Recognized by senior stakeholders for connecting customer evidence, control requirements, and delivery choices.
- Earned sustained peer recognition for mentoring product managers through research and outcome focused planning.

EDUCATION

Bachelor's Degree in Management Information Systems

Arizona State University 🎓 GPA: 0.0 📅 2012 📍 Tempe, Arizona

***Coursework:** Product management, database systems, business analytics, systems analysis*

CERTIFICATIONS

- Certified Scrum Product Owner 📅 2016
- Pragmatic Institute Product Management Certification 📅 2019
- SAFe Lean Portfolio Management 📅 2022
