STRENGTHS

- ♥️ **Safe Yard Movement**
Trailer positioning stays controlled and deliberate. Teams relied on careful checks when weather or dock traffic changed.
- 🔍 **Freight Accuracy**
Handheld scans and label checks kept shipments traceable. Colleagues often asked for help locating exceptions.
- ⚙️ **Equipment Handling**
Forklifts, pallet jacks, hostlers, and dollies were used with care. Good habits made difficult moves feel routine.
- 🕒 **Shift Dependability**
Rotating days, nights, and weekends were part of regular work. Coverage stayed steady when freight volume shifted.
- 👤 **Physical Readiness**
Frequent lifting, climbing, bending, and extended standing were handled daily. Consistent pacing supported safe completion.

SUMMARY

Dockworker and **hostler** with eight years of progressive less than truckload freight experience across busy yards, docks, and warehouse operations. Moves, positions, and stages **53 foot trailers** with hostlers and **3 axle tractors**, including careful converter dolly connections and disconnections. Loads and unloads time sensitive freight with forklifts, **pallet jacks**, and other powered or manual equipment. Uses handheld devices for shipment scanning, tracking, and location accuracy. Maintains safe work areas around trailers, pedestrians, powered equipment, changing dock conditions, and slippery surfaces. Comfortable with outdoor work, variable freight volume, rotating day, evening, night, and weekend schedules, frequent lifting, climbing, bending, pushing, pulling, and extended standing. Valid Colorado driver's license, forklift safety training, dependable communication, and practical LTL experience support consistent freight movement.

EXPERIENCE

Lead Hostler and Dockworker

Rocky Mountain Freight Lines 📅 May 2023 to Present 📍 Commerce City, Colorado

Leads hostler movements and dock operations across a high volume **LTL** yard, coordinating trailer flow, freight handling, scanning, safety, and rotating shift coverage.

- Sequenced 53 foot trailer moves with a **hostler**, keeping inbound and outbound doors supplied safely.
- Performed converter dolly connections and disconnections after coupling checks and safe body positioning.
- Loaded irregular **freight** with **forklifts**, protecting shipment condition while meeting departure priorities.
- Scanned shipment locations with handheld devices, correcting labels before freight advanced through the yard.
- Cleared **slippery dock** areas around pedestrians and powered equipment during changing weather conditions.
- Covered rotating shifts while lifting, climbing, pushing, pulling, squatting, and standing for extended periods.

Hostler

HighPlains LTL Services 📅 January 2021 to April 2023 📍 Thornton, Colorado

Supported trailer positioning and freight dock execution in a busy **transportation** operation, using hostler equipment, material handling tools, handheld scanners, and established safety practices.

- Moved **53 foot trailers** between dock doors with a **hostler** during changing freight volume.
- Connected and disconnected **converter dollies** using coupling checks before repositioning loaded equipment.
- Loaded and unloaded palletized freight with forklifts and **pallet jacks** for scheduled departures.
- Tracked shipment movement with handheld scanners and resolved location discrepancies at dock checkpoints.
- Maintained safe travel paths around **trailers**, pedestrians, powered equipment, and wet dock surfaces.
- Worked day, evening, night, and weekend shifts while handling demanding physical dock work.

Freight Dockworker

Mile High Distribution Services 📅 June 2018 to December 2020 📍 Denver, Colorado

Handled freight dock assignments involving trailer staging, loading, unloading, shipment scanning, equipment movement, and safe manual handling within a high volume LTL environment.

- Staged **53 foot trailers** with **hostler** equipment, supporting orderly dock door assignments.
- Coupled and uncoupled **converter dollies** after completing visual checks and controlled positioning steps.
- Loaded time sensitive shipments with forklifts and **pallet jacks**, preserving stable freight placement.

0
MONTHS

- Scanned freight at movement points with handheld devices, improving shipment location accuracy.
- Followed dock safety practices around slippery conditions, pedestrians, trailers, and powered equipment.
- Completed frequent lifting, bending, climbing, pushing, pulling, kneeling, and extended walking assignments.

Warehouse and Dock Associate

Front Range Warehousing 📅 October 2016 to May 2018 📍 Lakewood, Colorado

Built foundational warehouse and dock experience through trailer support, freight handling, equipment operation, shipment scanning, and safe work practices across variable daily assignments.

- Positioned trailers and supported dock staging with **hostler** equipment under supervisor direction.
- Connected **converter dollies** and completed basic coupling checks before trailer movement.
- Loaded and unloaded freight with forklifts and **pallet jacks** during busy dock periods.
- Recorded shipment movement with handheld scanners and reported label or location concerns.
- Kept work areas orderly around changing dock conditions, equipment, and pedestrian traffic.
- Supported variable schedules while lifting, bending, reaching, pushing, pulling, and standing throughout shifts.

PROJECTS

LTL Yard Flow Improvement 📅 2024

Mapped trailer staging patterns and dock handoffs, then applied clearer movement sequences for safer freight flow during high volume periods.

Handheld Shipment Accuracy 📅 2022

Reviewed scanning checkpoints and label exceptions, helping dock teams identify freight locations before shipments moved onward.

LEADERSHIP & AWARDS

- Recognized by site leadership for dependable hostler coverage during rotating schedules and high freight volume.
- Selected as a trusted dock resource for safe trailer positioning, coupling checks, and equipment coordination.
- Received positive team feedback for accurate shipment scanning and careful handling of irregular freight.

EDUCATION

High School Diploma

Lakewood High School 🎓 GPA: 3.0 📅 2016 📍 Lakewood, Colorado

Coursework: Basic mathematics, written communication, workplace safety, physical education

CERTIFICATIONS

- Valid Colorado Driver's License 📅 2026
- Forklift Operator Safety Training 📅 2025

TECHNICAL SKILLS

- **Yard Equipment:** Hostlers, 3 axle tractors, 53 foot trailers
- **Trailer Systems:** Converter dollies, coupling checks, trailer positioning
- **Material Handling:** Forklifts, pallet jacks, manual equipment
- **Freight Operations:** LTL freight, dock operations, freight staging
- **Shipment Control:** Handheld scanners, shipment tracking, label checks
- **Loading Operations:** Trailer loading, trailer unloading, freight counts
- **Safety Practices:** Dock safety, yard safety, pedestrian awareness

- **Physical Work:** Heavy lifting, climbing, bending, extended standing
- **Schedule Coverage:** Day shifts, evening shifts, night shifts
- **Driver Credentials:** Colorado driver's license, hostler operation, motor carrier compliance

PROFESSIONAL AFFILIATIONS

- Transportation and freight dock professional, contributing practical LTL knowledge during daily yard coordination.
- Warehouse operations team member, supporting safe equipment use and reliable freight handoffs.
