SUMMARY

Enthusiastic geologist passionate about applying academic knowledge in real-world situations. Equipped with hands-on field experience in geological data collection, mapping, and analysis. Proven ability to manage project details while ensuring safety and environmental standards. Eager to collaborate with multidisciplinary teams and make meaningful contributions towards innovative geology projects. Strong communication skills fostered through participation in academic presentations and collaborative studies. Committed to continuous learning and adapting to new challenges in geoscience.

EDUCATION

Bachelor of Science in Geology
University of New Hampshire GPA: 3.8
Coursework: Field Mapping, Mineral Exploration, Data Management, Geological Analysis

2026
Durham, NH

TECHNICAL SKILLS

- Data Analysis Tools:** Excel, ArcGIS, Geosoft
- Field Equipment:** GPS, Rock Hammer, Soil Auger
- Sampling Techniques:** Core Samples, Soil Samples, Water Quality Testing
- Report Writing Tools:** Microsoft Word, Google Docs, LaTeX
- Geological Software:** Petrel, Surfer, Leapfrog
- Research Methodologies:** Field Studies, Laboratory Analysis, Historical Data Review
- Collaboration Tools:** Slack, Microsoft Teams, Zoom
- Presentation Tools:** PowerPoint, Prezi, Canva
- Compliance Standards:** OSHA Guidelines, EPA Regulations, Local Safety Procedures
- Quality Assurance Processes:** Internal Audits, Reference Sampling, Procedure Reviews

SKILLS

|------------------------------|-----------------------|------------------------------|--------------------------|
| • Geological Data Collection | • Problem Solving | • Environmental Standards | • Sample Preparation |
| • Field Mapping | • Communication | • Quality Control Procedures | • Project Documentation |
| • Data Management | • Team Collaboration | • Geological Analysis | • Exploration Techniques |
| • Microsoft Office Suite | • Drilling Techniques | • Field Investigations | |

EXPERIENCE

Geology Field Research Assistant
University Project

August 2025 - May 2026
Concord, NH

Supported geological mapping and sampling efforts under the guidance of faculty advisors. Contributed to documenting exploratory drilling activities while enhancing data collection processes. Worked within a team setting to maintain project organization and accuracy.

- Conducted geological mapping and sampling across diverse sites, improving spatial awareness.
- Assisted in managing rock core and soil samples, ensuring adherence to quality control protocols.
- Maintained accurate field notes and logs, leading to reliable geological observations.
- Collaborated on safety training sessions, promoting a culture prioritizing environmental concerns.
- Utilized Microsoft Office tools for efficient data management resulting in streamlined reporting.
- Participated actively in workshops aimed at enhancing field operations and exploration techniques.

Geology Research Intern
Academic Research

June 2025 - July 2025
Concord, NH

Engaged in research initiatives focused on mineral exploration while gaining exposure to professional practices. Operated within a team dynamic to produce effective geological interpretations and analyses.

- Contributed to a summer project centered on exploring mineral identification methodologies.
- Participated in geological data analysis, bolstering practical application of theoretical principles.

- Supported senior researchers by preparing geological samples with compliance to safety protocols.
- Attended specialized workshops focusing on drilling programs and sampling methodologies.
- Collaborated with peers during academic presentations, sharpening public speaking capabilities.
- Explored various geological formations through organized field trips, enriching practical knowledge.

LEADERSHIP & AWARDS

- Dean's List for Academic Excellence, 2025
- Outstanding Contribution Award from Geology Club, 2024

CERTIFICATIONS

- First Aid and CPR Certification 📅 2025
- Microsoft Office Specialist Certification 📅 2025

PROFESSIONAL AFFILIATIONS

- Member, Geological Society of America, since 2023
- Volunteered, Local Earth Festival, promoting geological awareness

LANGUAGES

- English (Native)
- Spanish (Proficient)
