

Cristian Jenkins

Electronics Engineering Intern

AUGUST 07, 2026

Hiring Manager
FHP Manufacturing
Fort Lauderdale, FL

Dear Hiring Manager,

I am excited to express interest in the Electronics Engineering Intern position at FHP Manufacturing. This role fits my background perfectly, as my recent journey in Electronics Engineering has been filled with both perplexing challenges and fulfilling victories.

During my tenure as an intern at the University, I thrived amidst diverse teams, assisting in the development and optimization of HVAC electrical systems. I faced various challenges, yet my perseverance fostered success.

In one memorable project, our team sought to enhance the efficiency of motor control systems. With hands-on skills in circuit analysis, I contributed to testing and simulations that resulted in marked improvements, bolstering our project's performance.

Communication comes easily to me as I interact daily with cross-functional teams. I documented findings and ensured essential information reached every corner of our project, leading to smoother collaboration and shared victories.

I am eager to bring my well-rounded abilities to FHP Manufacturing, advocating ownership in each task while adhering to safety protocols with utmost seriousness. Joining your collaborative culture would be a remarkable opportunity to further develop my skills.

Thank you for considering my application.

Sincerely,

Cristian Jenkins
