

Sanjay Rubio

Field Electrician

JULY 02, 2026

Hiring Manager
ElectraTech Solutions
Chicago, IL

Dear Hiring Manager,

I am excited to apply for the Field Electrician position at ElectraTech Solutions, as this role perfectly suits my skills and aspirations. My six years of experience in industrial electrical systems have allowed me to excel at arc flash evaluations, further ensuring safety and compliance.

ElectraTech's reputation for innovative solutions resonates with me, inspiring excitement about potentially contributing to safety improvements. Collaboration is vital, as I proudly emphasize teamwork to achieve critical objectives during complex projects.

Currently, I conduct arc flash evaluations, meticulously inspecting electrical systems and generating accurate documentation from one-line diagrams. Balancing accuracy with deadlines has often challenged me, but I thrive under pressure, ensuring project completion through efficient management.

Building strong relationships with engineering teams has been crucial to my success. Open communication fosters effective problem-solving when addressing client needs and project nuances.

I currently engage with engineering and clients daily to gather input, ensuring precise and clear information relay. By representing ElectraTech professionally on-site, I foster trust and reliability, crucial in advancing safety and operational excellence.

I look forward to discussing how I can contribute to ElectraTech Solutions.

Thanks,

Sanjay Rubio
