

Cristian Jenkins

Field Technician/Specialist

AUGUST 11, 2026

Hiring Manager
TechSolutions Inc.
Mt Pleasant, WI

Dear Hiring Manager,

I am excited to express my interest in the Field Technician/Specialist role at TechSolutions Inc., where my passion for technology and practical experience intersect, invigorating my enthusiasm to contribute solutions that resonate with your mission.

Working at TechSolutions means diving into challenges daily and empowering partnerships that prioritize effective, reliable systems, which I greatly admire, as my training has been steeped in environments requiring immediate and thoughtful responses to technical issues.

Throughout my time at the University Research Lab as an HVAC Systems Intern, I supported projects that improved energy consumption by 15%, blending my technical aptitude with hands-on experience while constantly learning from my peers.

One moment stands out vividly: conducting a diagnostic that saved costly errors, bridging gaps in communication between engineers and clients, transforming potential problems into collaborations for success.

Though I occasionally grapple with balancing multiple priorities, I always manage to thrive under pressure, driven by an innate desire to master the complexities surrounding HVAC and building automation domains.

As I aspire to grow within your team, enhancing system performance and yielding innovative solutions, I am eager to leverage my background in diverse fields to ensure the sustainability and efficiency of our endeavors.

I look forward to the opportunity to discuss how my skills align with TechSolutions' needs.

Thanks,

Cristian Jenkins
