STRENGTHS

- 🔥 **Emergency judgment**
Applied incident procedures during changing fire scenes, helping crews make clear decisions when conditions shifted quickly.
- 💓 **Medical response**
Provided CPR, First Aid, bleeding control, and patient stabilization, earning trust during stressful transfers.
- 🔧 **Equipment readiness**
Checked apparatus and rescue gear before calls. Small details became a dependable part of each shift.
- 👥 **Public communication**
Explained fire prevention steps at community events, turning technical guidance into advice residents could use.
- ♥️ **Crew support**
Shared practical guidance during drills and scene support, helping teammates work safely through demanding assignments.
- 📌 **Incident documentation**
Recorded conditions, actions, and equipment use carefully, giving supervisors clear information for follow up.

SKILLS

Fire prevention

SUMMARY

Certified Firefighter II with four years of **municipal emergency response** experience across structural fires, vehicle incidents, hazardous materials calls, rescues, and medical emergencies. Provides EMT level patient assessment, CPR, First Aid, bleeding control, stabilization, and **victim removal** in demanding field conditions. Performs hose advancement, fire attack, search, ventilation support, salvage, overhaul, evacuation support, **traffic control**, and cleanup under incident command. Maintains apparatus, self contained breathing apparatus, hoses, rescue tools, medical equipment, suppression systems, stations, and grounds in ready condition. Completes accurate computerized incident reports, equipment records, and data entry. Supports fire prevention events, **public safety education**, community inquiries, recurring drills, technical instruction, and crew safety across changing emergency environments.

EXPERIENCE

Firefighter II, EMT

Upstate Regional Fire & Rescue 📅 March 2024 - Present 📍 Spartanburg, SC

Supports engine company operations across residential and commercial areas, handling **fire suppression**, rescue, **hazardous materials response**, emergency medical calls, equipment readiness, reporting, and community safety activities.

- Responded to structural fires, vehicle incidents, hazardous materials calls, rescues, and medical emergencies.
- Advanced hose lines for fire attack, search, victim removal, ventilation, salvage, and **overhaul** operations.
- Provided EMT patient assessment, CPR, **First Aid**, bleeding control, stabilization, and transfer support.
- Inspected apparatus, breathing apparatus, hoses, rescue tools, **medical equipment**, and suppression systems.
- Completed computerized **incident reports** documenting unit actions, conditions, and equipment use.
- Delivered fire safety demonstrations and recurring drills covering rescue, suppression, and hazardous materials awareness.

Firefighter II

Palmetto Community Fire Services 📅 October 2022 - February 2024 📍 Rock Hill, SC

Served engine and support assignments involving suppression, rescue, public assistance, **emergency medical care**, equipment maintenance, fire prevention, and clear communication with community members.

- Supported engine assignments for fire suppression, rescue, public assistance, and emergency medical calls.
- Managed **evacuation** support, traffic control, forcible entry, hose deployment, **salvage**, and cleanup tasks.
- Administered **CPR** and First Aid while communicating patient status during EMS transfer.
- Tested hoses, inspected **rescue equipment**, cleaned apparatus, and recorded maintenance needs.
- Applied algebra and geometry to hose layouts, equipment placement, and water supply calculations.
- Supported prevention events by explaining safety procedures clearly during **community inquiries**.

Firefighter

Carolina Metro Fire District 📅 October 2021 - September 2022 📍 Greer, SC

Completed supervised fire, rescue, and medical assignments while building field proficiency in incident command, protective equipment, **station operations**, documentation, equipment care, and community safety.

MY CAREER

- Firefighter II, EMT at Upstate Regional Fire & Rescue (2.6 Years)
- Firefighter II at Palmetto Community Fire Services (1.3 Years)
- Firefighter at Carolina Metro Fire District (11 Months)

- Completed supervised fire, rescue, and medical assignments using **incident command** and crew safety procedures.
- Advanced and repacked hose, deployed ladders, supported searches, and completed **evacuation** tasks.
- Performed CPR, **First Aid**, patient movement, and medical support around active scene hazards.
- Checked apparatus compartments, hand tools, **rescue equipment**, medical supplies, and protective equipment.
- Prepared station records, entered incident data, and retrieved information from computer systems.
- Completed live fire training, rescue drills, equipment practice, station maintenance, and safety activities.

PROJECTS

Community Fire Safety Outreach 📅 2026

Worked with fire service teammates during public safety demonstrations, translating prevention procedures into practical guidance that residents could use during emergencies.

Emergency Equipment Readiness Program 📅 2025

Partnered with station crews during recurring inspections, testing hoses, checking rescue equipment, and recording maintenance needs for dependable response.

LEADERSHIP & AWARDS

- IFSAC Certified Firefighter II, maintained operational readiness through recurring drills and technical instruction.
- Community Safety Recognition, supported public education events and clear responses to resident questions.
- Crew Safety Leadership, guided peers during equipment checks, training exercises, and emergency scene support.

EDUCATION

High School Diploma

Greer High School 🎓 GPA: 0 📅 2020 📍 Greer, SC

Coursework: *Fire science fundamentals, emergency response, technical reading, practical mathematics*

CERTIFICATIONS

- IFSAC Certified Firefighter II 📅 2021
- Hazardous Materials Operations 📅 2021
