

General Surgeon

SUMMARY

Joining a reputable surgical team offers an exciting opportunity to contribute to high-quality patient care in your community. Experience working with diverse populations fosters a collaborative spirit that enhances not just healthcare outcomes but also professional growth. Engaging in ongoing learning and development is a key part of enhancing clinical practices. Driving progress with innovative surgical techniques and embracing a team-based approach ensures efficient patient management, ultimately improving recovery times and overall satisfaction. Passion lies in raising surgical standards and fostering an environment where patients feel both cared for and confident in their healthcare services.

EXPERIENCE

General Surgery Resident

Seattle Surgical Institute 📅 July 2020 - Present 📍 Seattle, WA

Responsible for performing elective surgeries while collaborating effectively with multidisciplinary teams to provide exceptional care.

- Performed a wide range of elective surgical procedures under supervision, ensuring patient safety and the highest surgical standards.
- Engaged with primary care referrals to facilitate comprehensive pre-operative assessments and post-operative follow-ups.
- Participated in continuous medical education sessions to refine skills and share knowledge within the team.
- Adopted best practices in patient management to optimize recovery and enhance patient satisfaction.

Surgical Internship

Capitol City Hospital 📅 June 2019 - June 2020 📍 Olympia, WA

Collaborated with attending physicians on day-to-day surgical functions while treating diverse patient populations.

- Assisted in various surgical operations alongside seniors, observing and gaining hands-on experience critical for future roles.
- Communicated effectively with patients regarding treatment plans and interventions, focusing on comprehensive understanding.
- Utilized electronic health record systems for adequate documentation and patient management.
- Facilitated pre-surgical consultations and prepared necessary materials for various surgical procedures.

Medical Student Intern

St. Joseph's Medical Center 📅 May 2018 - May 2019 📍 Tacoma, WA

Aimed to enhance practical clinical skills through extensive exposure within the surgical department.

- Shadowed experienced surgeons during cases, learning about operative techniques and patient interactions.
- Engaged in patient rounds discussing case scenarios, bringing valuable insights from evidence-based research.
- Supported postoperative care by assisting the nursing team to monitor conditions and rebalance medications as needed.
- Developed communication skills essential for interacting with patients and their families regarding recovery processes.

LEADERSHIP & AWARDS

- Resident Surgical Excellence Award for outstanding dedication in patient care at Seattle Surgical Institute.

STRENGTHS

- ♥ **Compassionate Patient Advocacy**
Focused on ensuring every patient feels understood and supported—consistent positive feedback reinforces effective relationships.
- 🔧 **Decisive Problem Solver**
Choosing the best course of action under pressure has earned trust from colleagues—countless opportunities for shared teams have emerged.
- 👥 **Effective Team Collaboration**
Teamwork brings diverse perspectives; regularly initiating discussions has proven essential for cohesive patient strategies.
- 📖 **Commitment to Lifelong Learning**
Engagement in new surgical techniques remains crucial—for each acquired skill, there's increased readiness for challenges ahead.
- 🛡️ **Ethical Clinical Practice**
Prioritizing ethical considerations builds foundation of trust—the increasingly complex healthcare field demands unwavering integrity.
