STRENGTHS

Safe Equipment Use

Checks tools and work areas before starting, then protects crews and the public through careful equipment operation.

Outdoor Reliability

Heat, rain, dust, and noise never stopped steady field work; crews could count on assignments being finished.

Public Area Care

Keeps parks, roadsides, facilities, and work zones orderly, because clean public spaces shape daily community trust.

Material Readiness

Verifies tools and supplies before dispatch; that simple habit has prevented avoidable delays during recurring assignments.

Cooperative Service

Shares clear updates with coworkers and responds to changing site needs, helping public work move smoothly.

SUMMARY

Grounds maintenance professional with two years of practical experience caring for landscaped public spaces, rights of way, parks, medians, facility grounds, and outdoor work areas. Performs mowing, planting, seeding, fertilizer and mulch application, brush cutting, leaf removal, litter collection, spill cleanup, and routine sanitation with dependable attention to public safety. Operates **hand tools**, blowers, mowers, rakes, shovels, and related grounds equipment while using gloves, goggles, masks, and other protective equipment when conditions warrant. Supports traffic control, truck loading, **material handling**, supply inventory, **equipment cleaning**, and field deliveries.

Communicates clearly with crews, completes basic measurements and calculations, and makes practical decisions in changing weather and active work zones. Ready to contribute reliable service, safe work habits, and cooperative **problem solving** across public outdoor spaces.

EXPERIENCE

Grounds Maintenance Technician

Pine Ridge Grounds Services 📅 October 2025 - Present 📍 Warner Robins, Georgia

Supports municipal contract landscapes, roadside areas, parks, medians, and facility grounds. Handles daily mowing, planting, cleanup, material movement, traffic control, equipment care, supply checks, and public service assignments while coordinating safely with field crews.

- Maintained **parks**, medians, and roadside landscapes through **mowing**, edging, brush cutting, and litter removal
- Prepared planting beds with seed, **fertilizer**, and **mulch** for dependable seasonal turf and shrub coverage
- Loaded trucks with tools, cones, bagged materials, and supplies, then returned equipment after assignments
- Directed traffic around roadside maintenance zones using cones and crew signals near active work areas
- Operated **blowers**, mowers, rakes, shovels, and hand tools with gloves, goggles, and masks
- Tracked recurring supplies and reported shortages before landscaping, **cleanup**, and delivery assignments began

Grounds Maintenance Apprentice

Community Landscape Apprenticeship 📅 October 2024 - September 2025 📍 Warner Robins, Georgia

Completed supervised field rotations covering **groundskeeping**, landscaping, material handling, facility sanitation, equipment care, measurements, and outdoor safety. Practiced core maintenance methods under instructor guidance across changing weather and demanding physical work conditions.

- Completed supervised rotations involving grass cutting, leaf raking, planting, **debris** removal, and cleanup
- Mixed small concrete batches and moved gravel, **soil**, **sand**, and mulch using hand tools
- Cleaned trucks, **tools**, storage areas, restrooms, and outdoor **facilities** after daily maintenance assignments
- Loaded and unloaded landscaping materials, checking placement and securing loose items before supervised transport
- Calculated seed, fertilizer, and mulch needs for assigned plots, then documented material usage
- Performed outdoor work in heat, rain, dust, and noise while using safe body mechanics

PROJECTS

Public Grounds Seasonal Restoration 📅 2025

LANGUAGES

EnglishNative

SpanishBeginner

MY CAREER

- Grounds Maintenance Technician at Pine Ridge Grounds Services (11 Months)
- Grounds Maintenance Apprentice at Community Landscape Apprenticeship (11 Months)

Restored supervised training plots through seeding, fertilizer placement, mulching, planting, leaf removal, and routine site cleanup. Used basic measurements and documented material use for instructor review.

Roadside Work Zone Support 📅 2026

Supported roadside maintenance preparation through cone placement, traffic direction, truck loading, equipment checks, debris removal, and clear communication around active work areas.

LEADERSHIP & AWARDS

- Received recognition during apprenticeship for dependable outdoor work, safe tool use, and consistent assignment completion.
- Selected by field crews as a reliable partner for truck preparation, material handling, and roadside cleanup.
- Built supervisor confidence through accurate supply checks, careful equipment return, and cooperative public service.

EDUCATION

High School Diploma

Houston County High School 🎓 GPA: 0 📅 2024 📍 Warner Robins, Georgia

Coursework: Basic mathematics, written communication, environmental science, workplace safety
