Hiring Manager
CarePlus Nursing Solutions
Northbrook, IL

Dear Hiring Manager,

I am excited to submit my application for the Home Health Registered Nurse role at CarePlus Nursing Solutions, where I can utilize my passion for nursing along with my experience in home health settings, which truly align with your mission of providing exceptional care to patients. My background in OASIS/Medicare certified visits has equipped me with unique insights and skills that I believe will serve your organization well, especially in these changing times.

During my tenure at CareBridge Health Services, I diligently conducted assessments and crafted tailored care plans in strict accordance with OASIS guidelines, all while managing a diverse patient load. The ability to develop strong relationships with patients and families has allowed me to maintain a patient satisfaction rating exceeding 90%. This experience tested my resolve, as I faced challenges that pushed me to innovate care strategies, ensuring that each individual received the support they truly needed.

In addition to my technical skills, my unwavering commitment has allowed me to thrive amid unpredictability. At HealthFirst Nursing, I trained new staff on OASIS protocols, ensuring standards remained high even under pressure. I am astutely aware of the complexities involved in home health care, and my dedication to continuous improvement reflects my belief that great healthcare is built on both clinical excellence and genuine human connection.

I envision myself contributing to CarePlus's exciting initiatives, where each home visit is an opportunity for impactful transformation. I thrive in dynamic environments and effectively collaborate with interdisciplinary teams to enhance patient welfare. I know that providing home health care requires specialized knowledge and empathy, and I'm eager to extend my expertise in your esteemed organization.

I appreciate your consideration of my application.

Sincerely,

Nevaeh Gross
