SUMMARY

Senior internal audit professional with eight years of progressive internal and external auditing experience across higher education, public sector, and complex multi unit environments. Holds a Bachelor of Science in Accounting and Certified Internal Auditor certification, with strong command of **general accounting theory**, **internal control principles**, operational audits, compliance audits, and the **IIA International Professional Practices Framework**. Plans risk focused reviews, evaluates management controls, analyzes policy compliance, documents defensible conclusions in AuditBoard workpapers, and communicates practical findings with administrative and financial stakeholders. Experience includes decentralized operations, **information systems concepts**, custodial processes, and varied audit assignments. Guides developing auditors through evidence evaluation and issue development while building constructive relationships that support accountable administration, consistent controls, and institutional objectives.

EXPERIENCE

Senior Internal Auditor, Higher Education

Redwood Metropolitan University 📅 August 2023 - Present 📍 Sacramento, California

Lead operational and compliance audit work across academic and administrative functions, supporting risk based reviews, management control evaluation, **policy analysis**, information systems considerations, and practical corrective action. Review developing auditor workpapers and provide direction that strengthens evidence quality, issue development, and alignment with professional practices.

- Scoped **AuditBoard** reviews around risk, policy, process, and control considerations across university functions.
- Tested financial, administrative, and custodial controls through interviews, transaction tracing, evidence review, and sampling.
- Compared institutional policies with local practice, separating documentation gaps from control weaknesses and management questions.
- Translated technical observations into concise reports and practical **corrective actions** for department leaders.
- Reviewed newer auditor workpapers, strengthening evidence sufficiency, sampling rationale, and IIA practice alignment.
- Documented system dependencies, access considerations, data flows, and manual controls during technology enabled process audits.

Internal Auditor II, Public Sector

Civic Education Services Authority 📅 March 2021 - July 2023 📍 Oakland, California

Performed varied internal audits across distributed public service offices, examining procurement, accounting, asset stewardship, compliance, and administrative controls. Built audit programs, assessed policy adherence, resolved conflicting evidence, and communicated balanced conclusions that supported corrective action and **constructive working relationships**.

- Built risk based audit programs for procurement, accounting, asset stewardship, and compliance processes.
- Documented walkthroughs, testing procedures, evidence, and conclusions in **automated workpapers** for supervisory review.
- Compared operating practices with approved policies and **management direction**, escalating material inconsistencies with clear evidence.
- Interviewed finance, operations, and program staff to confirm process ownership and resolve conflicting documentation.
- Applied **accounting** theory during **transaction testing**, reconciliations, authorization reviews, and custodial record evaluations.
- Presented written and verbal observations that helped managers define corrective steps and maintain productive relationships.

STRENGTHS

- 🔍 **Control judgment**
Separated documentation gaps from true control weaknesses during policy reviews, giving leaders clearer decisions and stronger confidence.
- 💬 **Audit storytelling**
Turned testing results into practical reports and conversations. One clear explanation often moved corrective action forward.
- 📁 **Evidence discipline**
Built traceable workpapers linking samples, source records, and conclusions, helping reviewers follow each decision without guesswork.
- 🤝 **Constructive partnership**
Asked process owners thoughtful questions during difficult reviews, preserving trust and gaining better evidence for balanced findings.
- 👥 **Staff guidance**
Reviewed newer auditors' work and explained sampling, evidence, and issue development until peers sought advice on tough assignments.
