SUMMARY

Detail-oriented Laboratory Physicist with a deep knowledge of physics and laboratory operations. Oversee lab environments effectively, train graduate teaching assistants, and promote educational excellence through collaborative curriculum development. Skilled in troubleshooting lab equipment difficulties, maintaining safety standards, and ensuring compliance with rigorous protocols. Dedicated to enhancing research outcomes and fostering an engaging learning atmosphere within academic settings. Committed to advancing both student understanding and research initiatives through innovative lab practices and supportive instruction.

EXPERIENCE

Laboratory Physicist

University Research Lab 📅 June 2024 - Present 📍 Hattiesburg, MS

Lead a dynamic laboratory supporting physics experiments while managing day-to-day operations. Successfully supervise and mentor graduate teaching assistants, ensuring smooth instructional flow and compliance with academic standards. Engage in proactive interactions with faculty and improve laboratory effectiveness through refined experimental designs.

- Ensure compliance with all safety regulations during ongoing laboratory experiments.
- Trained and coordinated graduate teaching assistants, facilitating effective lab instruction across multiple course sections.
- Troubleshoot and resolved technical malfunctions with complex experimental equipment, enhancing operational efficiency.
- Oversaw the procurement and maintenance of laboratory equipment, ensuring tools consistently meet safety and functionality standards.
- Collaborated with faculty to develop and innovate laboratory experiments that align with educational objectives.
- Conducted weekly meetings with teaching assistants to maintain grading consistency and address any student concerns.

Research Assistant

Academic Research Group 📅 August 2022 - May 2024 📍 Starkville, MS

Supported groundbreaking research efforts within a collaborative academic environment, contributing to significant advancements in physics. Involved in fabricating materials and maintaining essential lab apparatus while ensuring adherence to safety guidelines. Participated actively in strategy refinement discussions that shaped project directions and methodologies.

- Conducted experiments addressing critical physical phenomena, producing valuable data for further analysis.
- Developed comprehensive reports documenting methodologies and experimental findings for publication.
- Participated in regular team strategy sessions aimed at improving research efficacy and collaboration techniques.
- Maintained laboratory equipment meticulously to ensure consistent performance in compliance with safety regulations.
- Assisted in developing course materials that supported undergraduate education in physics.
- Attended training sessions and workshops designed to advance laboratory skills specifically related to physics coursework.

LEADERSHIP & AWARDS

- Dean's List, Fall 2024
- Physics Department Scholarship, 2023

STRENGTHS

- 🔧 **Technical Troubleshooting**
Quickly resolve issues with lab equipment, gaining trust among peers while ensuring reliability in experiments.
- 👥 **Effective Collaboration**
Engaged fully in collaborative teams, becoming a vital resource by sharing insights that drive better results.
- 🛡️ **Safety Compliance Management**
Regularly ensured labs complied with safety standards, fostering a culture of safety awareness among students and staff.
- 🎓 **Educational Facilitation**
Facilitated impactful learning experiences, always striving to exceed expectation and enrich student comprehension.
- ⚙️ **Equipment Maintenance**
Proactively maintained laboratory devices, preventing potential downtime or variations in experimental quality.

SKILLS

Laboratory Management

Experiment Design

Technical Writing

Communication Skills

Microsoft Office Proficiency

Data Analysis Instrumentation

Quality Assurance

Time Management

Problem Solving Mentoring Skills

Team Coordination

Project Management

Critical Thinking Physics Education

LANGUAGES

English Native

Spanish Intermediate

MY CAREER

● Laboratory Physicist at University Research Lab (2.2 Years)

● Research Assistant at Academic Research Group (1.8 Years)

EDUCATION

Bachelor of Science in Physics

University of Mississippi 🎓 GPA: 3.8 📅 2026 📍 Oxford, MS

Coursework: *Classical Mechanics, Electromagnetism, Quantum Mechanics, Thermodynamics*

CERTIFICATIONS

- Certified Lab Technician 📅 2025
- First Aid Certification 📅 2024

TECHNICAL SKILLS

- **Lab Equipment Used:** Oscilloscope, Spectrometer, Laser Systems
- **Software Tools:** MATLAB, Python, Microsoft Office
- **Research Methodologies:** Experimental Design, Data Analysis, Statistical Analysis
- **Compliance Certifications:** OSHA Safety Standards, GLP Guidelines, Laboratory Safety Training
- **Teaching Techniques:** Interactive Learning, Assessment Strategies, Curriculum Development
- **Document Control Systems:** Electronic Lab Notebooks, Project Tracking Tools, Reporting Software
- **Presentation Skills:** PowerPoint, Visual Aids, Public Speaking
- **Programming Languages:** Python, HTML/CSS, JavaScript
- **Data Management:** Excel, SPSS, Database Management Systems
- **Student Engagement:** Workshops, Outreach Programs, Student Mentorship

PROFESSIONAL AFFILIATIONS

- Member of the Physics Club
- Volunteer for STEM Outreach Program
