STRENGTHS

- 👁 **Clinical Observation**
During home visits, noticed meaningful changes early and shared concise findings so clinicians could respond with confidence.
- 👥 **Care Coordination**
Connected patients, families, physicians, therapists, and coordinators when one small update could change a care plan.
- ♥ **Documentation**
Built a habit of same day notes. That simple routine kept visit details clear for payers and fellow clinicians.
- 📅 **Independent Organization**
Managed changing field schedules across varied homes, keeping urgent needs visible without losing routine care continuity.
- ♥ **Patient Teaching**
Used teach back during treatment and safety discussions, helping caregivers feel prepared rather than overwhelmed.

SUMMARY

Licensed Vocational Nurse with six years of experience delivering **skilled nursing care** across home health and post acute settings, including more than four years supporting **patients in their homes**. Maintains an active, unrestricted Texas LVN license and current CPR certification. Performs plan of care services, patient observation, medication support, infection control, condition change reporting, and accurate clinical documentation. Uses electronic medical records and **electronic visit verification** systems to meet regulatory and payer expectations. Manages independent field schedules across varied home environments while coordinating clearly with patients, families, physicians, clinicians, case coordinators, agency staff, and **community case managers**. Brings dependable follow through, concise clinical writing, organized case management support, and flexible scheduling that help patients receive safe, consistent care at home.

EXPERIENCE

Licensed Vocational Nurse, Home Health

Cedar Grove Home Nursing 📅 January 2024 - Present 📍 Tyler, Texas

Supports adult and older adult patients through skilled home health visits, **physician directed plans of care**, clinical observation, treatment activities, medication support, documentation, and coordination across home based care teams.

- Delivered skilled visits for **chronic conditions**, wounds, recovery needs, and medication management plans.
- Monitored vital signs and treatment response, escalating meaningful **condition changes** through clinical channels.
- Completed same day EMR notes and EVV entries aligned with payer and **regulatory requirements**.
- Coordinated symptoms, care changes, and caregiver barriers with physicians, families, and **case coordinators**.
- Organized independent field schedules around urgent needs, documentation, transportation, and continuity of care.
- Applied **infection control** and home safety practices, documenting caregiver teaching and follow up needs.

Licensed Vocational Nurse, Home Care

East Texas Community Home Care 📅 May 2021 - December 2023 📍 Longview, Texas

Provided in home skilled nursing for patients transitioning from hospitals and rehabilitation facilities, carrying out individualized care plans while balancing clinical observation, patient teaching, documentation, communication, and changing daily priorities.

- Provided ordered treatments for **patients** transitioning home after hospitalization or **rehabilitation**.
- Identified respiratory, skin, pain, **mobility**, and medication changes during scheduled home visits.
- Maintained complete **EMR** and EVV records, resolving gaps before payer submission.
- Prepared case conference updates connecting caregiver concerns, physician orders, and therapy input.
- Taught infection prevention, symptom reporting, treatment routines, and **home safety** using **teach back**.
- Balanced daily visits and documentation while adjusting timing around patient and caregiver needs.

Licensed Vocational Nurse, Post Acute Care

Pine Valley Rehabilitation Center 📅 October 2020 - April 2021 📍 Nacogdoches, Texas

Delivered vocational nursing care for post acute **patients** recovering from illness, surgery, and functional decline, building practical judgment in assessment, medication safety, documentation, discharge teaching, and coordinated transition planning.
