STRENGTHS

- 🔍 **Inspection judgment**
A difficult site review became manageable after separating observed conditions from assumptions and documenting each finding clearly.
- 💬 **Sensitive investigations**
During complaint interviews, calm questions helped families and staff share useful facts, giving leaders a clearer decision record.
- 🛠️ **Provider guidance**
When rules felt difficult to apply, practical examples helped administrators move from concern toward workable corrective action.
- 📁 **Case organization**
Consistent records across several systems kept follow up visible, and teammates often relied on that steady workflow.
- 👥 **Partner coordination**
A timely call with public health, fire, or human services partners often resolved a question before it delayed review.

SUMMARY

Child care **licensing specialist** with six years of experience across early childhood oversight, regulatory inspections, complaint investigations, provider consultation, and human services. Reviews license applications, criminal and **child abuse or neglect records**, health, fire, building, zoning, policies, staff qualifications, medication procedures, floor plans, and program plans. Conducts facility inspections and **Stage II investigations** through interviews, observation, and record review. Prepares Reports of Inspection, corrective action records, licensing files, and defensible adverse licensing documentation. Uses Salesforce, CCCLS, Illinx, and Trails workflows for daily records, alerts, scanned responses, and caseload tracking. Communicates requirements during consultations, workshops, community meetings, and field visits. Brings calm de-escalation, policy research, partner coordination, and practical judgment to Colorado **child care licensing** work.

EXPERIENCE

Senior Licensing Compliance Specialist

Western Slope Child Care Compliance Group 📅 May 2024 - Present 📍 Grand Junction, CO

Leads a regional child care licensing caseload covering application review, facility inspections, **complaint investigations**, corrective action, adverse licensing records, provider consultation, and remote field operations. Partners with agencies and providers across Colorado while maintaining accurate Salesforce, CCCLS, Illinx, and Trails records.

- Reviewed applications, background records, policies, credentials, plans, and agency reports before **inspection readiness** decisions.
- Conducted facility inspections using applicable rule sets, documenting health, safety, program, and staff qualification findings.
- Investigated supervision, discipline, treatment, and compliance complaints through interviews, observation, and **record review**.
- Prepared Reports of Inspection and **corrective action** files, verifying violation resolution for defensible licensing decisions.
- Recorded daily activity in Salesforce, CCCLS, Illinx, and Trails workflows across a **remote** regional caseload.
- Provided rule guidance through calls, site visits, and **community meetings**, helping providers resolve difficult concerns.

Early Childhood Compliance Coordinator

Mesa Valley Family Services 📅 January 2022 - April 2024 📍 Fruita, CO

Coordinated early childhood compliance reviews, **policy research**, incident fact finding, partner communication, and administrator training. Translated licensing, health, safety, medication, supervision, and behavior requirements into practical review tools and corrective action steps for program leaders.

- Evaluated records and operations against licensing, health, safety, medication, supervision, and behavior requirements.
- Built review checklists for **policies**, **floor plans**, staff files, activity plans, and agency reports.
- Researched statutes, administrative rules, policies, and procedures for concise compliance guidance.
- Conducted sensitive **interviews** about incidents and complaints, separating observations from allegations in management records.
- Coordinated information from public health, fire, building, **human services**, and community partners.
- Trained child care administrators on documentation, supervision, incident response, and **corrective action** practices.
