SUMMARY

Transportation services professional with two years of combined dispatch, passenger support, and paid driving experience serving older adults and riders with disabilities. Coordinates demand response trips from initial ride requests through driver assignments, route changes, passenger communication, and accurate operating records. Builds practical manifests by balancing **appointment times**, geography, rider needs, **vehicle availability**, and changing demand. Maintains calm **two way radio** communication during delays, route conflicts, coverage gaps, road calls, and service disruptions. Holds a valid **Iowa Commercial Driver's License** with passenger and air brake endorsements, plus hands on van and bus experience. Supports backup driving, emergency procedures, evacuation drills, maintenance coordination, and respectful service recovery. Brings dependable judgment and careful documentation that help transportation teams keep riders safe, informed, and connected with essential appointments and community services.

EXPERIENCE

Transportation Dispatcher

Metro Mobility Partners 📅 October 2025 - Present 📍 Des Moines, IA

Supports daily **demand response transportation** for older adults and riders with disabilities. Owns trip intake, manifest building, driver communication, service recovery, records, maintenance coordination, and backup driving. Works with dispatch colleagues and operational leaders to protect safe, dependable service throughout changing conditions.

- Converted **ride requests** into daily manifests, matching appointment times, geography, rider needs, and vehicle capacity.
- Revised pickup sequences in digital dispatch systems, keeping changing **service demand** workable throughout each day.
- Maintained two way radio contact, guiding drivers through delays, **route conflicts**, rider changes, and coverage gaps.
- Recorded rides, cancellations, **no shows**, revisions, and service notes, supporting accurate end of day reconciliation.
- Coordinated **road calls** with maintenance staff, arranging rider transfers or replacement vehicles during mechanical concerns.
- Covered van and bus routes during absences, applying passenger and air brake practices during service gaps.

Passenger Services Driver

Heartland Community Transit 📅 October 2024 - September 2025 📍 Ames, IA

Operated passenger vans and small buses on community transportation routes while supporting older adults and riders with varied mobility and communication needs. Verified trip details, communicated service conditions through radio, documented exceptions, and followed emergency and evacuation procedures with dispatch and supervisors.

- Operated passenger vans and small buses on community routes, supporting riders with varied mobility needs.
- Verified manifests, pickup details, and destinations before departure, reducing routing questions during scheduled trips.
- Reported **delays** and passenger concerns by **two way radio**, giving dispatch timely information for schedule changes.
- Supported boarding and trip needs for **older adults** and riders with disabilities through respectful **passenger communication**.
- Documented no shows, **cancellations**, mileage, vehicle observations, and exceptions so **operational records** reflected actual service.
- Followed evacuation procedures during drills, accounting for riders and documenting actions with dispatch supervisors.
