STRENGTHS

- 🔧 **Repair Diagnosis**
Approached each service call by checking symptoms first, then selecting practical repairs that restored safe use.
- 👥 **Resident Service**
Clear updates helped residents know what to expect, especially when access, parts, or follow up affected timing.
- 🏠 **Make Ready Work**
Apartment turns became smoother through organized inspections, fixture checks, surface repairs, and final condition reviews.
- ♥️ **Safety Focus**
PPE and controlled work areas stayed central during occupied home repairs, protecting residents, coworkers, and property.
- ✓ **Team Reliability**
Supervisors received timely notes about equipment conditions and supplies, which kept routine work moving without surprises.

Deadbolt Rekeying

SUMMARY

Property **maintenance technician** with three years supporting multifamily communities through building repairs, **make ready work**, **preventive maintenance**, pool upkeep, grounds care, and responsive resident service. Hands on capabilities include intermediate plumbing, appliance installation and repair, carpentry, painting, carpet repair, fixture replacement, deadbolt rekeying, **minor air conditioning**, and basic electrical work. Organizes daily service requests, identifies equipment and supply needs, and completes assignments independently with sound judgment. Applies OSHA aligned safety practices and personal protective equipment requirements across routine maintenance and repair work. Comfortable using Microsoft Office, work order systems, and basic information system hardware and software for communication and records. Communicates clearly with residents, leasing teams, and supervisors while protecting confidential information and supporting accessible, safe, well maintained properties.

EXPERIENCE

Maintenance Technician, Property Operations

Metroplex Residential Services 📅 April 2025 - Present 📍 Arlington, TX

Supports multifamily residents, common areas, vacant apartment turns, building systems, and service operations. Works independently across repairs, preventive maintenance, safety, records, and supply coordination while communicating conditions that affect property access, appearance, or resident service.

- Diagnosed **plumbing**, appliance, **carpentry**, paint, carpet, fixture, air conditioning, and electrical service issues.
- Prepared vacant apartments through inspections, **fixture replacement**, rekeying, paint repairs, appliance checks, and final verification.
- Performed preventive maintenance rounds, documenting equipment concerns for parts, vendor support, and follow up scheduling.
- Applied OSHA procedures and PPE requirements, returning occupied spaces to safe, usable condition.
- Prioritized **work orders** for **next business day** response, communicating access needs and unresolved conditions.
- Recorded service updates and supply needs through property systems and **Microsoft Office** while protecting resident information.

Maintenance Technician, Apartment Services

Trinity Property Care 📅 October 2023 - March 2025 📍 Irving, TX

Supported apartment homes, amenities, pool areas, grounds, and make ready operations. Built wider repair capability through plumbing, appliance, carpentry, painting, carpet, lock, fixture, and troubleshooting assignments while coordinating priorities with leasing and maintenance colleagues.

- Resolved faucet, toilet, drain, supply connection, and fixture issues, escalating specialized trade work appropriately.
- Completed apartment turns with appliance installation, fixture work, **painting**, **carpet repair**, rekeying, and final checks.
- Inspected pool areas and grounds, reporting water systems, lighting, landscape, surface, and access concerns.
- Monitored tools, **equipment**, and **supplies**, reporting abnormal conditions before material shortages delayed service.
- Coordinated apartment access and turnover priorities with leasing colleagues, supporting respectful resident communication.
- Used maintenance judgment during routine repairs, building confidence in plumbing, appliance, carpentry, and troubleshooting work.

- **Work Order Systems:** Service requests, status notes, follow up
- **Office Software:** Microsoft Office, records, communication

PROFESSIONAL AFFILIATIONS

- Multifamily property maintenance teams, supporting safe homes, shared amenities, and reliable resident service.
- Workplace safety communities, applying OSHA procedures and PPE practices during repair and upkeep activities.
