SUMMARY

Dedicated Maintenance Technician with over 5 years of industrial experience, specializing in electrical systems and equipment upkeep. Proven ability to effectively troubleshoot and repair intricate machinery, ensuring optimal performance and operational efficiency. Committed to fostering a culture of safety through adherence to safety protocols while enhancing team collaboration. Always eager to leverage skillset in an environment committed to employee growth and development.

EXPERIENCE

Maintenance Technician

Industrial Solutions LLC 📅 June 2023 - Present 📍 Chicago, IL

Overseeing maintenance of various industrial tools and machinery. Responsible for ensuring reliability and efficiency of electrical systems post troubleshooting and repairs. Involvement in team projects guaranteeing the enhancement of process efficiencies.

- Operated diverse industrial equipment, minimizing downtime and prolonging lifespan.
- Conducted proactive preventive maintenance on machines to avert unexpected malfunctions.
- Collaborated closely with peers to promote ongoing improvements in operational methodologies.
- Utilized schematics while diagnosing problems in electrical systems, expediting repairs.
- Maintained comprehensive documentation of activities for compliance and training purposes.
- Fostered an atmosphere focused on safe operations by instilling awareness in new hires.

Electrical Technician

NextGen Machinery Corp. 📅 March 2021 - May 2023 📍 Aurora, IL

Focused on installation and servicing of electrical components, ensuring adherence to industry standards across all electrical work. Overhauled operational workflows to achieve substantial operational insights.

- Installed and serviced numerous electrical systems within industrial setups, ensuring strict compliance with codes.
- Executed successful troubleshooting strategies on A/C motors, significantly reducing machinery downtime.
- Produced thorough reports documenting maintenance processes, enhancing overall data transparency.
- Participated actively in training initiatives to cultivate stronger staff operational competencies.
- Kept precise records on equipment schedules to facilitate regulatory compliance and inspections.
- Assisted in maintaining a safer workplace through regular compliance checks with OSHA.

Junior Maintenance Technician

Precision Equipment Co. 📅 January 2020 - February 2021 📍 Naperville, IL

Played a key support role in maintaining and repairing industrial machinery while developing practical skills and knowledge about electrical issues under senior guidance.

- Learned foundational practices supporting senior technicians during equipment repairs.
- Participated in troubleshooting electrical challenges, effectively aiding senior techs.
- Helped create organized spaces that contributed to heightened efficiency throughout the workshop.
- Engaged actively in safety training sessions ensuring compliance at all times.
- Improved technical skills by working with wiring diagrams and electrical test equipment.
- Collaborated with teams to complete diverse maintenance tasks, honing problem-solving abilities.
