STRENGTHS

- 👤 **Patient-Centered Approach**
Prioritize patients' needs through effective communication and understanding their concerns.
- 👥 **Collaborative Leadership**
Built effective partnerships among interdisciplinary teams improving patient outcomes.
- ♥️ **Surgical Precision**
Executed complex surgical procedures, utilizing advanced technologies for improved results.
- 🎓 **Continuous Improvement**
Emphasized ongoing education for self and peers to stay updated on best practices.
- 💡 **Innovative Practices**
Adopted new surgical methods and technologies for modernized patient solutions.

SKILLS

- Spine Surgery Patient care
- Advanced Robotics
- Surgical Navigation Collaboration
- Interventional Procedures
- Critical Care Support
- Trauma Management
- Clinical Audits Pain Management
- Effective Communication
- Team Leadership Mentorship
- Research Quality Improvement
- Procedural Efficiency

LANGUAGES

English Native

SUMMARY

Dedicated neurosurgeon specializing in spine surgery with extensive experience in high-volume medical settings. Deeply skilled in complex spine procedures and integrating advanced surgical technologies, such as robotics and navigation systems, into practice. Committed to providing exceptional patient care and fostering collaborative relationships within healthcare teams. Collaborative approach emphasizes multidisciplinary teamwork while implementing comprehensive care models that cover surgical, interventional, and medication management strategies. Passionate about advancing spine care practices and continuously pursuing professional development opportunities.

EXPERIENCE

Lead Neurosurgeon

Saint Joseph Medical Center 📅 April 2022 - Present 📍 Tacoma, WA

Oversees spine surgeries while collaborating with multidisciplinary teams at this prestigious medical center. Participation in a 1:4 call rotation ensures continuous quality care and timely response for patients. Utilizes advanced technologies in surgical procedures to improve outcomes and efficiency in the operating room.

- Conduct complex spine surgeries ensuring precision and optimal patient safety.
- Foster collaborative relationships with trauma specialists and critical care intensivists.
- Incorporate innovative techniques using robotics and navigation with successful outcomes.
- Develop process improvements to enhance workflow and patient recovery.

Neurosurgeon

Midwestern Medical Center 📅 June 2016 - March 2022 📍 Chicago, IL

Participated in a fast-paced environment specializing in spine cases amid a high-volume surgical setting. Delivered exemplary patient care while contributing to surgical and comprehensive interventional strategies for better recovery.

- Engaged nearly exclusively in spinal procedures while prioritizing patient well-being.
- Worked alongside a team of healthcare experts optimizing quality of care delivery.
- Implemented a unified approach combining medication management with surgical interventions.
- Contributed actively in clinical audit activities enhancing service provision standards.

Chief Resident Neurosurgery

Children's Hospital Colorado 📅 July 2016 - June 2020 📍 Aurora, CO

Held leadership role during residency, focusing on intricate decisions in pediatric neurosurgery. mentored younger residents while managing diverse surgical caseloads and training programs to ensure quality education for future surgeons in the field.

- Directed educational initiatives while mentoring surgical trainees.
- Conducted numerous spine surgeries encouraging safe practices.
- Enhanced collaboration with different specialties ensuring continuity of care.
- Analyzed case studies to share insights and foster community learning.

LEADERSHIP & AWARDS

- Award for Excellence in Patient Care, August 2022
- Best Research Presentation in Neurosurgery, October 2020

EDUCATION

Doctor of Medicine (MD)

University of Washington 🎓 GPA: 3.9 📅 2016 📍 Seattle, WA

MY CAREER

- Lead Neurosurgeon at Saint Joseph Medical Center (4.1 Years)
- Neurosurgeon at Midwestern Medical Center (5.8 Years)
- Chief Resident Neurosurgery at Children's Hospital Colorado (3.9 Years)

Coursework: Medical Ethics, Neuroscience, Surgical Techniques, Spine Surgery

Bachelor of Science in Biology

University of Washington 🎓 GPA: 3.8 📅 2012 📍 Seattle, WA

Coursework: Cell Biology, Human Physiology, Molecular Biology, Biostatistics

CERTIFICATIONS

- Board Certified in Neurosurgery 📅 2020
- Certified in Advanced Spine Surgery 📅 2021

TECHNICAL SKILLS

- **Surgical Tools:** Bovie, Hemostatic Agents, Synthesized Grafts
- **Imaging Technologies:** MRI, CT Scans, X-ray
- **Robotics Platforms:** DAVINCI, ROSA
- **Documentation Systems:** EMR, EHR
- **Education Programs:** Simulation Training, Workshops
- **Data Management Software:** EPIC, Cerner
- **Patient Management Systems:** Allscripts, AthenaHealth
- **Regulatory Compliance:** HIPAA, OSHA
- **Healthcare Operations:** Lean Principles, Six Sigma
- **Research Methodologies:** Qualitative Studies, Clinical Trials

PROFESSIONAL AFFILIATIONS

- American Association of Neurological Surgeons
- Washington State Medical Association
