Team Leadership

SUMMARY

Dynamic Nuclear Pharmacist with over five years in radiopharmaceutical preparation and quality control. Proven expertise in compliance with cGMP and state pharmacy laws, leading teams effectively under pressure. Strong communicator, adept at collaboration with cross-functional teams ensuring optimal patient care and safety standards. Committed to continuous professional growth while enhancing operational efficiency within a dynamic radiopharmacy environment. Skilled in training staff and improving workflow efficiencies, fostering a culture of excellence and accountability. Eager to inspire and contribute positively to the future of healthcare.

EXPERIENCE

Nuclear Pharmacist

Radiopharm Solutions 📅 June 2022 - Present 📍 Springfield, IL

Lead nuclear pharmacist overseeing production and preparation of radionuclides and radiopharmaceuticals. Accountable for team performance and adherence to compliance regulations, which is crucial for maintaining patient outcomes and safety. Manage detailed documentation and operational records to ensure continuous regulatory alignment and quality assurance.

- Supervise production of radionuclides and manage efficient preparation of radiopharmaceuticals, ensuring top-notch compliance with FDA regulations.
- Conduct regular aseptic techniques and sterility tests following established SOPs, preserving integrity throughout pharmacy practices.
- Directly oversee pharmacy technicians, optimizing their educational training to enhance service delivery and operational insight.
- Execute meticulous quality control processes with analytical equipment, significantly bolstering organizational accuracy and compliance standards.
- Maintain comprehensive documentation across all pharmacy operations, guaranteeing traceability of each action for transparency's sake.
- Initiate shipments of radioactive materials per licensing requirements, navigating logistical complexities while safeguarding safety.

Pharmacy Technician

HealthFirst Pharmacy 📅 January 2020 - May 2022 📍 Chicago, IL

Employed as a pharmacy technician focusing on high-volume medication dispensing tasks. Collaborated with pharmacists and other health professionals to ensure precision in patient care.

- Facilitated timely preparation and dispensing of medications, boosting performance metrics in a bustling pharmacy setting.
- Effectively adhered to critical federal and state regulations surrounding pharmaceuticals, impacting overall patient trust and safety.
- Engaged proactively with patients, offering insights on medication administration while building stronger relationships through communication.
- Optimized inventory processes which resulted in substantial reduction of shortages, directly influencing pharmacy efficiency.
- Mentored new hires on procedural flows related to dispensing and patient interaction, promoting thoroughness across the team.
- Joined efforts with pharmacists to assure accurate medication therapy management, enriching patient adherence and wellbeing.

Pharmacy Intern

Community Pharmacy 📅 June 2019 - December 2019 📍 Peoria, IL

Supported pharmacists in an active pharmacy environment, gaining exposure to daily practices such as patient consultation and basic medication handling.

MY CAREER

● Nuclear Pharmacist at Radiopharm Solutions (4.1 Years)

● Pharmacy Technician at HealthFirst Pharmacy (2.3 Years)

● Pharmacy Intern at Community Pharmacy (6 Months)

- Assisted with daily pharmacy procedures, ranging from client consultations to foundational drug preparations, honing essential skills.
- Provided research on drug interactions that shaped our educational materials, impacting patient understanding and safety awareness.
- Collaborated with team members conducting inventory checks and assistance, aligning all operations with recognized safety protocols.
- Proactively involved in community outreach programs educating patrons oriented toward medication use and general health upkeep.
- Enhanced familiarity with record keeping systems, solidifying competence in tracking pharmaceutical workflows.
- Cultivated interpersonal communication abilities through diverse client interactions, reshaping patient engagement approaches.
