

Ariya Harmon

Nurse Practitioner - Entry-Level

JULY 26, 2026

HealthPlus Medical Group
Nurse Practitioner
Phoenix, AZ

Dear Hiring Manager,

I am eager to apply for the Nurse Practitioner position at HealthPlus Medical Group, a role that perfectly aligns with my evolving skills and fervent dedication. With a foundation built on providing quality care, I am ready to enhance patient experiences through both acute and chronic care.

Working within HealthPlus Medical means embracing innovation and person-centered strategies. I have consistently endeavored to improve health outcomes, crafting plans tailored to individual needs, all while adhering to relevant regulations and guidelines.

My time at HealthFirst Clinic allowed me to grow tremendously. I conducted comprehensive physical examinations and devised treatment plans that met diverse patient needs, resulting in a 20% improvement in overall satisfaction ratings. Each encounter provided valuable insights into patient care.

During my internship at CareWell Health Services, I learned the critical importance of collaboration. Team discussions regarding patient management strategies helped solidify my skills in diagnostic testing and monitoring. Educating patients became a passion, and that commitment continues to drive me.

I am thrilled about the prospect of contributing to HealthPlus Medical's mission of improving community health. Engaging with patients, transforming complex health concepts into understandable practices, and advocating preventative care are all paramount to me.

Thank you for considering my application.

Sincerely,

Ariya Harmon
