STRENGTHS

- ♥️ **Patient centered care**
Used shared decisions and plain language during contraception counseling, helping patients feel heard and confident in care choices.
- 🛠️ **Urgent clinical judgment**
Recognized concerning findings during routine visits and followed escalation pathways, keeping safety central when situations changed.
- 🔗 **Continuity coordination**
Closed communication loops with specialists, pharmacies, laboratories, and community services; colleagues relied on this steady follow through.
- ♥️ **Quality improvement**
Turned chart review findings into workflow changes for screening, referrals, access, and documentation. Small fixes made daily care smoother.
- 👥 **Cultural responsiveness**
Adapted education for language, culture, and health literacy needs, creating conversations that patients could use after leaving clinic.

SUMMARY

Board certified Family **Nurse Practitioner** with seven years of advanced practice and community nursing experience across family planning, **reproductive health**, women's health, primary care, preventive services, and public health. Provides patient centered assessment, diagnosis, prescribing, laboratory interpretation, counseling, education, follow up, and referral coordination for diverse and underserved populations. Uses evidence based protocols, **shared decision making**, culturally responsive communication, and health literacy principles to support patient autonomy and safe care. Maintains accurate **confidential EHR documentation** and contributes clinical data, chart review, audits, quality improvement, public health reporting, outreach, and workflow improvement. Holds active Georgia Registered Professional Nurse and Advanced Practice Registered Nurse licenses, current CPR certification, and graduate nursing preparation. Ready to bring sound clinical judgment, compassion, and reliable continuity of care to a community health team.

EXPERIENCE

Nurse Practitioner, Reproductive and Preventive Health

Coastal Community Wellness Center 📅 August 2023 - Present 📍 Savannah, GA

Leads family planning, reproductive health, preventive care, and public health services in a community setting. Supports clinical decisions, referral continuity, EHR quality, and workflow improvement.

- Integrated histories, examinations, screening, diagnosis, treatment, and counseling during **family planning** visits.
- Managed contraception, **pregnancy planning**, STI care, and preventive services through shared decision making.
- Ordered and interpreted laboratory studies, prescribed therapies, and escalated **urgent findings** through established pathways.
- Coordinated specialists, hospitals, pharmacies, **behavioral health**, and community referrals for reliable continuity.
- Led chart review and **quality improvement** focused on screening, referral closure, access, and documentation.
- Protected confidential EHR records covering assessments, medications, procedures, education, **follow up**, and outcomes.

Family Nurse Practitioner

Peachtree Safety Net Health 📅 January 2021 - July 2023 📍 Atlanta, GA

Provided primary, preventive, reproductive, and family planning care for adults and adolescents in a safety net setting. Connected clinical services with outreach, referrals, public health resources, and performance improvement.

- Managed acute, chronic, preventive, reproductive, and family planning needs for adults and adolescents.
- Counseled patients about **contraception**, **STI prevention**, HIV prevention, pregnancy intentions, and risk reduction.
- Developed evidence based plans, prescribed **therapies**, and arranged specialty evaluation for complex conditions.
- Built referral workflows with laboratories, pharmacies, behavioral health, **social services**, and specialty practices.
- Contributed to case conferences and outreach addressing access barriers, prevention, reproductive health, and resources.
- Completed **peer review**, clinical audits, **performance improvement**, EHR documentation, and program data activities.

MY CAREER

● Nurse Practitioner, Reproductive and Preventive Health at Coastal Community Wellness Center (3.2 Years)

● Family Nurse Practitioner at Peachtree Safety Net Health (2.5 Years)

● Nurse Practitioner at South Georgia Family Health Network (1.4 Years)

● Registered Nurse, Community and Reproductive Health at Chatham Women's Health Collaborative (2 Years)

South Georgia Family Health Network 📅 July 2019 - December 2020 📍 Albany, GA

Delivered advanced practice care in a community health setting, combining acute evaluation, preventive services, reproductive counseling, testing, treatment, outreach, and support for patients facing access barriers.

- Evaluated **acute conditions** and delivered preventive and reproductive services through community health protocols.
- Performed **examinations**, ordered testing, interpreted results, and provided **treatment** and follow up education.
- Delivered contraception **education**, STI screening, pregnancy counseling, and **referrals** using evidence based protocols.
- Coordinated transportation, insurance, language, and social support through community resources.
- Maintained EHR records and **clinical data** supporting billing, quality monitoring, grant reporting, and continuity.
- Supported outreach and screening events with culturally responsive communication, emergency procedures, and teamwork.

Registered Nurse, Community and Reproductive Health

Chatham Women's Health Collaborative 📅 June 2017 - June 2019 📍 Savannah, GA

Delivered community and reproductive nursing care while building advanced practice preparation. Supported intake, education, screening, referrals, documentation, patient safety, and multidisciplinary continuity.

- Delivered reproductive, preventive, and community nursing care for diverse patient populations.
- Completed intake **assessments**, medication reconciliation, **screening** support, education, and protocol based follow up.
- Coordinated laboratory, pharmacy, referral, and community resource communication for timely care.
- Documented nursing assessments, education, interventions, and follow up in electronic health records.
- Supported **STI prevention**, contraception education, health promotion, and community **outreach** events.
- Strengthened **patient safety**, confidentiality, **cultural responsiveness**, and multidisciplinary care during graduate training.

PROJECTS

Community Reproductive Health Outreach 📅 2024

Coordinated outreach and screening support for reproductive health education, contraception counseling, STI prevention, referral access, and community resource connection.

Clinical Documentation Quality Initiative 📅 2023

Improved chart review practices for assessments, medications, referrals, education, follow up, outcomes, billing, and quality monitoring.

LEADERSHIP & AWARDS

- Family Nurse Practitioner Board Certification, earned 2026.
- Recognized for community reproductive health service and patient education leadership.
- Led peer review, chart audits, outreach, and workflow improvement across safety net care.
