STRENGTHS

- ✓ **Accurate Registration**
Registration checks catch missing details early. That habit helped clinical and billing teams rely on cleaner patient records.
- 🗨 **Calm Financial Service**
Financial conversations stayed clear and respectful. Patients received practical guidance, while complex questions reached the right resource.
- 📊 **Reliable Cash Control**
Payment posting, drawer care, and daily reconciliation formed a steady routine that kept transaction records aligned.
- 👥 **Patient Flow Support**
When arrivals, calls, and transport needs converged, organized updates kept people moving and teams informed.
- 👤 **Practical Team Guidance**
New coordinators received hands on support during onboarding, creating a dependable resource for registration and service questions.

SUMMARY

Patient services coordinator with three years of healthcare experience supporting oncology and specialty outpatient clinics. Handles **patient intake**, registration, demographic and insurance verification, medical record maintenance, encounter documentation, charge entry, **payment posting**, **cash reconciliation**, and routine financial discussions. Keeps patient movement organized through clear communication with patients, families, clinical staff, and administrative teams. Brings practical knowledge of **medical insurance claims** documentation, patient charts and histories, point of service payments, telephone support, transport coordination, privacy practices, and clinic safety. Has supported onboarding for new front desk coordinators and served as a workflow resource during busy sessions. Calm, accurate service helps patients receive clear information and helps clinic teams maintain reliable records, orderly operations, and responsive care.

EXPERIENCE

Patient Services Coordinator, Oncology

Crescent Specialty Clinics 📅 February 2025 - Present 📍 Birmingham, AL

Supports front desk operations for a specialty oncology clinic, covering **patient registration**, financial intake, documentation, payment handling, **patient flow**, telephone service, and supervised onboarding support.

- Verified demographic, insurance, contact, and visit details before completing electronic registration.
- Resolved **encounter documentation** gaps with **clinical staff** before charge entry and billing review.
- Posted co pay and deposit payments while reconciling cash against encounter and batch records.
- Explained routine financial arrangements and clinic procedures clearly to patients and families.
- Coordinated transport, incoming calls, arrivals, and location updates during busy clinic sessions.
- Oriented new coordinators on registration checks, records, payment handling, and service practices.

Patient Access Representative

Southern Ambulatory Care Group 📅 September 2023 - January 2025 📍 Hoover, AL

Managed patient access for multispecialty outpatient visits, maintaining records and payment documentation while supporting claims readiness, telephone service, wayfinding, transport requests, privacy, and safety procedures.

- Registered multispecialty patients by validating identity, demographic, insurance, and record information.
- Corrected incomplete records so approved information reached clinical and revenue cycle teams.
- Checked coverage documentation for common omissions before encounters entered **billing** workflows.
- Balanced point of service receipts and cash records at scheduled shift close.
- Handled calls, wayfinding questions, arrival concerns, and transport requests during high volume periods.
- Applied privacy and safety procedures around biohazard risks and controlled clinical environments.

PROJECTS

Oncology Front Desk Workflow 📅 2025

A busy clinic session revealed gaps in handoffs. Registration checks, payment steps, transport requests, and team updates were organized into a clearer front desk workflow that supported steady patient movement.

MY CAREER

- Patient Services Coordinator, Oncology at Crescent Specialty Clinics (1.6 Years)
- Patient Access Representative at Southern Ambulatory Care Group (1.3 Years)

Patient Record Quality Review 📅 2024

Incomplete registration details often slowed downstream work. A focused review of demographic, insurance, and coverage documentation helped improve record readiness before billing activity.

LEADERSHIP & AWARDS

- Workflow Resource Recognition, supported newly hired coordinators with registration, records, payment handling, and service guidance.
- Patient Service Contribution, maintained calm communication and accurate documentation during high volume oncology clinic sessions.
- Safety and Privacy Leadership, consistently applied patient confidentiality and healthcare safety practices in clinical settings.
