STRENGTHS

- 🧠 **Trust Building**
Shared lived recovery experience with care, and hesitant clients began discussing needs, goals, and next steps.
- 💬 **Crisis Engagement**
Kept conversations grounded during tense encounters. Clinicians received useful observations, and clients stayed connected with support.
- 🛠️ **Practical Recovery Support**
Turned coping goals into small practice steps. Clients gained clearer routines for appointments, self advocacy, and recovery.
- 👥 **Team Coordination**
Peer observations entered team discussions with purpose. Colleagues could coordinate follow up without losing client context.
- 🌍 **Cultural Responsiveness**
Listened across varied backgrounds and adjusted communication respectfully. Clients found space for their own experiences and choices.
