SUMMARY

Dedicated and certified Pharmacy Technician with extensive experience supporting pharmacists in delivering efficient pharmacy services. Proven ability to manage prescription processing, maintain accurate patient records, and ensure compliance with state and federal regulations. Committed to providing exceptional customer service while assisting with health screenings and immunizations to enhance patient care. Strong organizational skills focus on inventory management and safety standards, contributing to smooth operations and positive patient experiences.

EXPERIENCE

Pharmacy Technician

HealthWise Pharmacy 📅 June 2024 - Present 📍 Alexandria, VA

Role focuses on providing essential support to the pharmacist to ensure optimal pharmacy operations. Collaborates within a team, managing medication distribution, patient interactions, and safety compliance.

- Assisted in accurately filling and labeling prescriptions while maintaining adherence to state and federal regulations.
- Managed patient records diligently, ensuring accuracy and confidentiality in all documentation.
- Delivered exceptional customer service by promptly addressing inquiries and efficiently processing transactions.
- Supported inventory control efforts and organized medications and supplies according to established safety protocols.
- Played an active role in community health by participating in health screening initiatives and immunization services.
- Contributed positively to the training of new staff to foster a cohesive and collaborative working environment.

Pharmacy Assistant

CareWell Pharmacy 📅 January 2023 - May 2024 📍 Falls Church, VA

This position involved assisting pharmacists with daily tasks, focusing on enhancing customer interactions and improving operational efficiency across pharmacy services.

- Assisted in prescription preparation and delivered thorough customer service for an improved patient experience.
- Maintained orderly storage of pharmaceutical supplies, consistently adhering to safety and handling guidelines.
- Monitored stock levels and participated actively in ordering processes for seamless inventory management.
- Engaged with patients regarding medication information and health screening queries to provide valuable support.
- Helped implement a new electronic health record system that improved patient data accessibility and management.
- Collaborated effectively with team members to enhance service processes and operational workflow efficiency.
