- **Training Programs:** Onboarding Modules, Continuing Education Courses, Mentorship Initiatives

EXPERIENCE

Pharmacy Technician Intern

University Project 📅 June 2025 - Present 📍 Atlanta, GA

Oversaw various responsibilities in managing medication distribution and inventory in a clinical environment dedicated to pharmacy education.

- Assisted in preparing and compounding medications, focusing on accuracy for patient-specific needs.
- Collaborated closely with pharmacists, addressing discrepancies to ensure patient safety.
- Conducted continuous inventory assessments, reordering stock as required while adhering to regulatory mandates.
- Performed thorough documentation for all dispensed medications, maintaining high accountability.
- Engaged in professional development opportunities to bolster knowledge of pharmaceutical practices.
- Implemented an innovative inventory management software, significantly boosting tracking efficiency.

Pharmacy Research Assistant

University Research Lab 📅 January 2025 - May 2025 📍 Atlanta, GA

Contributed to research projects focusing on medication adherence, collaborating effectively within academic environments.

STRENGTHS

- 💬 **Patient-Focused Communication**
Developing strong relationships with patients leads to improved medication adherence and overall satisfaction.
- 💡 **Critical Thinking in Pharmacy Practice**
Thinking rapidly under pressure supports patient safety, particularly during complex medication inquiries.
- ⚙️ **Strategic Inventory Oversight**
Aligning inventory management with patient needs maximizes resource efficiency and reduces wastage in pharmacy operations.
- 🛡️ **Adherence to Regulations**
Strict compliance with pharmacy laws fosters trust among colleagues and within the patient community.
- 🔄 **Adaptability in Fast-Paced Environments**
Quick adaptation improves response times in busy pharmacy situations, ensuring continuous patient support.
