SUMMARY

Dedicated Physician Assistant trained in cardiothoracic surgery with a solid foundation in patient management. Holds a Bachelor of Science in Physical Science, demonstrating both academic excellence and practical skills geared towards high-quality patient advocacy. Experience includes collaborating closely with surgical teams to enhance outcomes and manage postoperative care effectively. Committed to continuous growth with pending NCCPA certification and eligibility from the Pennsylvania State Board. Passionate about improving surgical techniques and patient experiences.

EXPERIENCE

Physician Assistant

HealthFirst Medical Group 📅 June 2025 - Present 📍 Doylestown, PA

Role encompasses comprehensive preoperative assessments and direct surgical assistance in a busy medical group setting. Engages in postoperative monitoring and management, ensuring patient safety while advocating for their needs at every stage of treatment.

- Collaborated with surgeons for thorough preoperative assessments, carefully evaluating patient conditions and needs.
- Provided essential support during surgical procedures, applying extensive knowledge of cardiac anatomy to optimize operational success.
- Monitored patients post-surgery, swiftly identifying complications to implement necessary interventions.
- Led educational sessions with patients detailing surgical processes and recovery protocols, enhancing comfort and understanding.
- Analyzed patient data to forecast surgical outcomes, navigating complexities in decision-making.
- Actively represented patients' interests within the healthcare team, establishing clear communication channels between physicians and families.

Surgical Assistant

CardioCare Institute 📅 January 2024 - May 2025 📍 Philadelphia, PA

Supported diverse surgical teams within a reputable institute, enhancing procedural efficiency and patient safety throughout various cardiovascular operations.

- Assisted in intricate cardiovascular surgeries, focusing on strict adherence to safety protocols and standards.
- Managed data collection and assessment effectively, contributing significantly to improved surgical practices.
- Conducted thorough patient evaluations, gathering histories critical for precise surgical planning.
- Engaged in postoperative oversight and care management, recognizing and mitigating potential complications proactively.
- Facilitated training sessions for new personnel, instilling best practices in surgical aid and patient care.
- Participated in interdepartmental strategy meetings aimed at developing collaborative care models.

Clinical Intern

Lifeline Medical Center 📅 June 2023 - December 2023 📍 Pittsburgh, PA

Gained foundational experience in clinical settings supporting multidisciplinary teams in delivering rigorous patient care.

- Contributed effectively to patient assessments alongside healthcare professionals, enriching insights into treatment pathways.
- Shadowed experienced surgeons during key diagnostics, deepening understanding of advanced surgical techniques.

STRENGTHS

♥ Compassionate Care Provider

Prioritized patient emotions, ensuring open dialogue and addressing concerns directly during medical visits.

👥 Team Collaboration

Worked seamlessly with medical staff during challenging circumstances; often sought for guidance by peers.

📖 Clinical Knowledge

Deep familiarity with surgical protocols fostered quick responses and confident decision-making under pressure.

👤 Patient-Centric Approach

Insured seamless patient experiences by ensuring their stories were reflected in their care plans.

💬 Advocacy Skills

Successfully mediated communications between patients and healthcare providers; reinforced trust at all levels.
