STRENGTHS

Clinical assessment

In urgent encounters, connected examination findings with diagnostic results and clear treatment decisions, helping teams act with confidence.

Care coordination

Referral work required careful follow through. Kept specialists, facilities, and clinical teams aligned around next steps.

Documentation

Accurate notes became a dependable handoff tool, giving colleagues timely context for treatment, follow up, and risk review.

Team consultation

Nurses and physicians brought difficult cases forward. Shared practical clinical reasoning during conferences and urgent calls.

Correctional care

Working across assigned facilities built steady judgment, balancing patient needs, institutional policies, and timely access to care.

SKILLS

On call coverage

SUMMARY

Physician with six years of post residency clinical experience caring for incarcerated adults and community based patients with acute, chronic, and urgent **medical conditions**. Provides complete examinations, diagnostic assessment, treatment planning, medication management, and follow up under South Carolina licensure, DEA registration, and BLS certification. Uses laboratory studies, imaging, and clinical findings to guide decisions, coordinate **specialty referrals**, and arrange **off site care**. Maintains timely EHR documentation, progress notes, summaries, evaluations, and medical legal records. Collaborates closely with nurses, advanced practice providers, physicians, pharmacists, case managers, and external specialists. Experienced with on call coverage, telephonic consultation, virtual consultation, correctional healthcare policies, and state and federal healthcare requirements. Ready to contribute sound clinical judgment and dependable care coordination in a **correctional medicine** setting.

EXPERIENCE

Staff Physician

Lowcountry Detention Health Partners 📅 July 2023 - Present 📍 Charleston, SC

Provides primary and urgent physician care for incarcerated adults across assigned facilities. Leads clinical assessment, treatment decisions, medication oversight, referral coordination, after hours consultation, and compliant EHR documentation.

- Evaluated incarcerated adults with acute, chronic, and urgent conditions, guiding timely treatment decisions.
- Interpreted laboratory studies, imaging, and **diagnostic tests**, then adjusted care based on clinical findings.
- Managed prescription therapy under **DEA registration**, reviewing safety, indications, and continuity needs.
- Coordinated specialty referrals and off site evaluations, documenting rationale and follow up requirements.
- Provided **on call** coverage and **telephonic consultation** for urgent concerns across assigned facilities.
- Maintained timely **progress notes**, summaries, and evaluations consistent with **medical legal standards**.
- Collaborated with nurses, advanced practice providers, physicians, and specialists during complex patient care.

Primary Care Physician

Carolina Community Medical Group 📅 July 2020 - June 2023 📍 Columbia, SC

Managed longitudinal adult primary care for chronic and episodic conditions. Integrated examination findings, diagnostic results, medication monitoring, referrals, peer consultation, and accurate EHR records into coordinated treatment.

- Managed adult patients with chronic and episodic conditions through longitudinal **treatment plans**.
- Ordered and interpreted laboratory studies and **imaging**, connecting results with examination findings.
- Prescribed medications for **chronic** disease and **acute** illness, monitoring safety during follow up.
- Coordinated specialist referrals and incorporated outside findings into continuing care plans.
- Maintained complete **EHR** records covering assessment, treatment rationale, progress, and follow up.
- Presented complex cases during peer conferences with **physicians** and nursing teams.
- Shared clinical findings during continuing education sessions, supporting consistent decisions across care teams.

MY CAREER

● Staff Physician at Lowcountry Detention Health Partners (3.2 Years)

● Primary Care Physician at Carolina Community Medical Group (2.9 Years)

● Internal Medicine Resident Physician at Riverside University Medical Center (2.9 Years)

● Medical Intern at University Clinical Training (11 Months)

Internal Medicine Resident Physician

Riverside University Medical Center 📅 July 2017 - June 2020 📍 Augusta, GA

Completed supervised internal medicine residency across inpatient wards, ambulatory clinics, emergency consultation, and subspecialty rotations. Built diagnostic reasoning, treatment planning, **medication management**, documentation, consultation, and urgent response skills.

- Evaluated acute and **chronic** presentations, developing differential diagnoses under attending supervision.
- Managed supervised medication orders, monitoring therapeutic response, adverse effects, and reconciliation needs.
- Coordinated care with nurses, physicians, consultants, pharmacists, and case management staff.
- Produced timely EHR **progress notes**, discharge **summaries**, and evaluations communicating follow up needs.
- Participated in case conferences, morbidity reviews, **seminars**, and overnight call coverage.
- Supported inpatient and ambulatory teams across internal medicine and subspecialty rotations.
- Presented clinical findings to attending physicians before implementing supervised **treatment plans**.

Medical Intern

University Clinical Training 📅 July 2016 - June 2017 📍 Augusta, GA

Completed supervised internship rotations focused on adult acute and chronic care. Supported examinations, diagnostic work, documentation, handoffs, clinical presentations, and education while receiving direct attending feedback.

- Evaluated adults with acute and chronic conditions during supervised **internship** rotations.
- Gathered histories and performed examinations before presenting assessments to supervising physicians.
- Ordered diagnostic studies under supervision and interpreted results with senior clinicians.
- Drafted EHR **progress notes** and summaries, incorporating attending feedback on accuracy.
- Coordinated daily care tasks with **nursing staff** and resident physicians during handoffs.
- Maintained **BLS** competency through structured clinical education and supervised practice.
- Participated in **case presentations** and seminars supporting early **clinical decision making**.

PROJECTS

Correctional Continuity of Care 📅 2024

Improved continuity across facility based care by linking referral rationale, off site findings, follow up needs, and EHR documentation into a clearer clinical workflow.

After Hours Clinical Consultation 📅 2023

Supported urgent decision making across assigned facilities through structured telephonic consultation, timely escalation, and communication with nursing and physician teams.

LEADERSHIP & AWARDS

- Correctional Healthcare Service Recognition for dependable clinical coverage and patient care coordination.
- Clinical Education Leadership Recognition for case presentations, seminars, and team based knowledge sharing.
- Patient Documentation Quality Recognition for timely EHR records and medical legal compliance.

EDUCATION

Doctor of Medicine

Medical University of South Carolina 🎓 GPA: 4.0 📅 2016 📍 Charleston, SC

Coursework: Internal medicine, pharmacology, pathology, diagnostic medicine

Bachelor of Science in Biology

University of South Carolina 🎓 GPA: 4.0 📅 2012 📍 Columbia, SC

Coursework: Human physiology, microbiology, genetics, biochemistry

CERTIFICATIONS

- South Carolina Medical License 📅 2020
- DEA Registration 📅 2026
- Basic Life Support 📅 2026
