

Dominic Bennett

Plans Examiner, Building Code Compliance

☎ (208) 555-4172 ✉ dominic.bennett@example.com

🌐 linkedin.com/example/dominicbennett 📍 Meridian, ID 83646

STRENGTHS

- 📖 **Code interpretation**
A difficult review became a clear path forward after code provisions were linked directly with drawing details.
- 💬 **Practical communication**
Contractors and homeowners received plain guidance at counters and by phone, helping questions move toward resolution.
- 📋 **Review coordination**
Resubmittal cycles stayed organized because prior comments, responses, and supporting documents remained easy to trace.
- 👷 **Field support**
Inspectors found useful answers during framing and egress questions through approved plan details and site comparisons.
- 👥 **Customer service**
Pre application conversations addressed documentation gaps early, giving design teams a clearer route through permitting.

SKILLS

- Building codes Fire safety
- Energy codes Accessibility codes
- Plan review Structural concepts
- Permit tracking Project valuation
- Permit fees Code interpretation
- Construction methods
- Construction materials
- Field inspections
- Customer service
- Technical comments

SUMMARY

Plans Examiner with four years of experience reviewing residential, commercial, and light industrial construction documents for building, fire, **life safety**, energy, accessibility, and structural compliance. Produces clear correction comments that connect code requirements with specific drawing details, helping architects, engineers, contractors, and property owners resolve issues efficiently. Supports permitting from pre application discussions through approval by explaining documentation needs, calculating project valuations and permit fees, and maintaining accurate electronic records. Provides practical guidance to field inspectors on framing, egress, accessibility, fire resistance, energy compliance, and approved plan details. Holds **ICC Building Plans Examiner** and **ICC Commercial Energy Inspector and Plans Examiner** credentials, plus a **valid driver's license**. Brings sound judgment, customer focus, and steady code research to each review, helping public service teams deliver accurate, timely permitting decisions.

EXPERIENCE

Plans Examiner, Code Consulting

Summit Ridge Code Consulting 📅 May 2024 - Present 📍 Meridian, Idaho

Lead plan review and permitting support for **residential**, commercial, and light industrial projects. Translate code requirements into useful direction, coordinate with design professionals, assist **field inspectors**, maintain electronic records, and support valuation and fee calculations.

- Reviewed mixed use plan sets for building, fire, energy, **accessibility**, and **structural** compliance.
- Connected cited code provisions with drawing details, giving design teams clear correction direction.
- Led **pre application** discussions that resolved documentation gaps before permit review delays occurred.
- Compared approved plans with site conditions during complex framing and egress questions.
- Maintained permit records, review cycles, supporting documents, and correction histories electronically.
- Calculated **project valuations** and fee inputs for additions, alterations, and new construction reviews.

Junior Plans Examiner, Building Services

Clearwater Building Solutions 📅 October 2022 - April 2024 📍 Nampa, Idaho

Performed residential and small **commercial** document reviews under senior guidance, building practical judgment across code interpretation, materials, **construction methods**, permitting, customer service, and inspection support. Maintained organized review records while progressing toward independent technical responsibility.

- Checked occupancy, egress, **accessibility**, **energy**, and structural details under senior review.
- Compared proposed materials and methods with adopted requirements, documenting conflicts in correction notices.
- Reviewed resubmittals against prior comments, confirming responses resolved cited compliance issues.
- Answered contractor and homeowner questions at service counters and by phone.
- Located approved details and plan notes for inspectors handling field **construction** questions.
- Prepared valuation and permit fee inputs while tracking code and safety updates.

LEADERSHIP & AWARDS

- Earned ICC Building Plans Examiner credential in 2024, confirming capability in professional plan review.
- Earned ICC Commercial Energy Inspector and Plans Examiner credential in 2025, expanding energy review authority.
