

Ethan Brooks

Principal Engineer – Aircraft Cybersecurity Operations

MAY 30, 2026

Hiring Manager
AeroSecure Solutions
Remote

Dear Hiring Manager,

I am excited to express my interest in the Principal Engineer position at AeroSecure Solutions. With over six years of experience in cybersecurity, particularly in aviation, I believe I possess the critical skills and value that align with your needs.

At AeroSecure Solutions, I have coordinated internal and external partnerships, focusing on significant cybersecurity strategies. Collaborating with industry working groups has broadened my perspective on compliance and safety. This role highlights my commitment to enhancing aviation security through innovative strategies and teamwork.

While I cherish my accomplishments, I often reflect on moments of uncertainty that shaped my journey. Armed with strong problem-solving skills, I tackled cyber risks head-on, ensuring that protocols remained robust in an evolving landscape. Seeing team members develop into capable leaders fills me with pride.

I have cultivated a thorough understanding of aviation security standards over my career. My direct experience with risk assessment has allowed me to mentor peers efficiently. I emphasize empathy and clear communication, crucial in technical fields, ensuring everyone engages in productive dialogue.

The focus at AeroSecure Solutions on employee well-being resonates with me. I value a culture that promotes collaborative efforts while prioritizing individual growth. Together, we can shape better security measures, ensuring safety across aviation operations. Let's circulate innovation through dedication.

Thank you for considering my application.

Sincerely,

Ethan Brooks
