STRENGTHS

- ♥ **Clinical judgment**
A difficult medication review became a clear care plan after weighing records, therapy risks, and resident needs.
- 🔍 **Facility assessment**
Observation, interviews, and record review turned scattered findings into focused recommendations staff could use.
- 🗣 **Clear education**
In service sessions connected medication safety guidance with daily workflow, giving busy teams practical next steps.
- 👥 **Team coordination**
During overlapping site work, shared documentation kept colleagues aligned and helped follow up stay orderly.
- ✔ **Problem resolution**
When clinical concerns surfaced, respectful discussion helped staff reach consensus and move toward safer practice.

SKILLS

Conflict resolution

SUMMARY

Registered Pharmacist with six years of pharmacy experience serving adult and **geriatric populations** across long term care, community pharmacy, and clinical quality settings. Applies independent **clinical judgment**, **drug therapy evaluation**, prescribing review, medication safety principles, and pharmacy regulations during facility assessments. Conducts observation, interviews, record review, policy analysis, pharmacy data review, and performance report analysis. Produces clear findings, recommendations, **technical assistance materials**, and education for administrators, nurses, prescribers, and pharmacy teams. Brings experience with clinical literature review, evidence based guidance, public speaking, conflict resolution, consensus building, and competing mobile assignments. Uses Microsoft Office, SharePoint, and Teams for documentation and coordination. Supports safer medication systems through practical analysis, respectful communication, and focused follow through.

EXPERIENCE

Clinical Quality Pharmacist

Lone Star Senior Care Pharmacy 📅 March 2024 - Present 📍 Fort Worth, TX

Leads clinical quality reviews across long term care facilities, guiding assessment work, education, reporting, and technical assistance for adult and geriatric populations.

- Reviewed facility medication systems through interviews, **observation**, records, policies, and **performance reports**
- Presented evidence based **recommendations** to administrators, nurses, prescribers, and pharmacy staff
- Created in service education addressing medication safety, **prescribing practices**, and resident centered care
- Prepared monitoring reports and **technical assistance materials** with **Microsoft Office** and SharePoint
- Guided clinical team members during multi site reviews using consistent assessment practices

Consultant Pharmacist

Red River Long Term Care Services 📅 July 2022 - February 2024 📍 Dallas, TX

Provided consultant pharmacy services for **nursing facilities**, evaluating medication regimens, reviewing requirements, refreshing clinical guidance, and coordinating concurrent site priorities.

- Evaluated resident medication regimens and identified therapeutic concerns across geriatric care settings
- Compared facility policies with **evidence based practice** and long term care requirements
- Completed focused reviews using records, **interviews**, medication data, and facility **procedures**
- Delivered **education** on **drug therapy evaluation**, medication safety, documentation, and geriatric practice
- Researched clinical literature and regulatory updates for refreshed technical guidance
- Coordinated site priorities through Teams and SharePoint with accurate follow up documentation

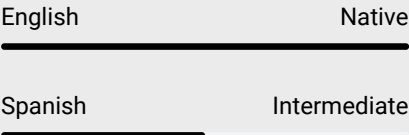

Staff Pharmacist

Trinity Community Pharmacy 📅 June 2020 - June 2022 📍 Irving, TX

Managed prescription evaluation and patient care for adult and older **adult populations** while supporting medication safety, **staff** education, documentation, and pharmacy compliance.

- Evaluated prescriptions for appropriateness, interactions, dosing, and safe use among adult patients
- Counseled patients and caregivers, escalating clinically significant concerns to prescribers
- Reviewed medication profiles and dispensing records to identify recurring safety trends
- Applied pharmacy laws and standards to dispensing, documentation, storage, and privacy practices
- Trained pharmacy team members on medication safety, documentation, and service standards
- Documented interventions in **Microsoft Office** and pharmacy **systems** for quality review support

LANGUAGES

MY CAREER

- Clinical Quality Pharmacist at Lone Star Senior Care Pharmacy (2.6 Years)
- Consultant Pharmacist at Red River Long Term Care Services (1.6 Years)
- Staff Pharmacist at Trinity Community Pharmacy (2 Years)

PROJECTS

- Geriatric Medication Safety Review** 📅 2024
Built a structured review approach for geriatric medication concerns, connecting record review, prescribing patterns, clinical literature, and practical recommendations for facility teams.
- Long Term Care Guidance Library** 📅 2023
Organized clinical literature and regulatory updates into accessible guidance materials that supported education, policy review, technical assistance, and consistent follow up.

LEADERSHIP & AWARDS

- Clinical Quality Recognition for clear facility findings and practical medication safety recommendations
- Team Leadership Recognition for guiding consistent multi site review practices
- Patient Care Recognition for thoughtful counseling and escalation of clinically significant concerns

EDUCATION

Doctor of Pharmacy
Texas Tech University Health Sciences Center 🎓 GPA: 0 📅 2020 📍 Lubbock, TX
Coursework: Clinical pharmacy, pharmacotherapy, geriatric care, pharmacy law
