SUMMARY

Critical care **Registered Nurse** with eight years of experience supporting critically ill adults across ICU, CCU, and progressive care settings. Provides comprehensive assessments, clinically indicated reassessments, **nursing process** planning, medication administration, and precise documentation for complex medical and cardiac patients. Active, unobstructed Connecticut RN license supports practice within **Connecticut nursing scope**, hospital policy, ANA standards, and regulatory requirements. Coordinates **interdisciplinary care** with physicians, families, peers, and support staff while retaining accountability for delegated activities, safety interventions, handoffs, transfers, and discharges. BLS and CCRN credentials support current clinical practice. Patient and family education respects cultural differences, dignity, readiness, and emotional needs. Mentors developing nurses through practical guidance, calm escalation, and dependable bedside leadership. Brings focused judgment and compassionate care to demanding twelve hour shifts and changing patient conditions.

EXPERIENCE

Critical Care Registered Nurse, ICU and CCU

February 2023 to Present

Parkview Regional Medical Center

Bridgeport, CT

Supports high acuity medical and cardiac patients in ICU and CCU settings, coordinating bedside care, clinical escalation, medication safety, structured handoffs, delegated activities, education, and nurse mentorship.

- Integrated reassessments, **hemodynamic trends**, medication response, and interdisciplinary goals for **critically ill patients**.
- Recognized evolving **safety risks** and initiated timely interventions within **Connecticut nursing scope** and hospital policy.
- Administered high risk medications using five Rights checks, allergy review, parameters, and response documentation.
- Led **bedside shift reports** and structured rounds, preserving continuity across day and night teams.
- Coordinated delegated care with support staff, retaining accountability for completion, response, and documentation.
- Mentored newer nurses through assessment, documentation, **medication safety**, education, and unit workflow coaching.

Registered Nurse, Intensive Care Unit

May 2020 to January 2023

Elm Ridge Hospital

New Haven, CT

Managed adult ICU assignments requiring repeated assessment, nursing process documentation, medication administration, **patient education**, safety planning, multidisciplinary coordination, and complete transition documentation.

- Managed high acuity adult **ICU** assignments through repeated assessment and **nursing process** documentation.
- Updated nursing priorities from physical, mental, and emotional findings during physician **rounds**.
- Educated patients and families about **medications**, procedures, recovery expectations, and discharge needs.
- Applied safety protocols for falls, skin integrity, medications, lines, and mobility risks.
- Coordinated transfers and discharges with complete nursing documentation for receiving teams.
- Served as a clinical resource during complex assignments, reinforcing **delegation** and patient centered communication.

Registered Nurse, Progressive Care Unit

July 2018 to April 2020

Harborline Medical Center

Norwalk, CT

Provided progressive care for adults needing continuous monitoring and frequent reassessment, building critical care readiness through documentation, medication safety, escalation, education, and interdisciplinary communication.

- Provided continuous monitoring and frequent reassessment for adults with changing clinical needs.
- Completed detailed assessments and documented care plans, **interventions**, **outcomes**, and escalation pathways.
- Administered medications after confirming identity, **allergies**, orders, parameters, and expected response.
- Conducted bedside reports with patients, families, physicians, and interdisciplinary team members.
- Delivered individualized education on **medications**, safety, follow up care, and symptom monitoring.
- Strengthened clinical judgment through continuing education, unit learning, and compliance focused practice.

Registered Nurse, Medical Surgical Unit

June 2018 to June 2018

Coastal Connecticut Hospital

Milford, CT

Completed supervised transition to practice assignments for adult medical surgical patients, developing safe bedside routines, clinical communication, delegation, education, and documentation habits.

- Completed supervised transition assignments for adult medical surgical patients after RN licensure.
- Performed head to toe assessments and documented findings, **interventions**, and patient responses.
- Applied medication safeguards and patient identification practices during early bedside practice.
- Communicated patient needs during interdisciplinary rounds and shift handoffs.
- Reinforced teaching about medications, mobility, safety, and discharge instructions.
- Built early practice in delegation, accountability, cultural responsiveness, and **regulatory compliance**.

PROJECTS

Critical Care Handoff Improvement 📅 2024

Refined bedside report habits across changing ICU assignments, helping teams share clinical priorities, safety risks, medication concerns, and coverage needs clearly.

Family Education Rounds 📅 2022

Supported patient and family teaching during intensive care stays, adapting explanations for readiness, cultural needs, procedures, medications, and transitions.

LEADERSHIP & AWARDS

- Recognized as a trusted clinical resource by ICU peers during complex patient assignments and changing conditions.
- Selected to mentor developing nurses in assessment, documentation, medication safety, patient education, and unit workflows.
- Commended for calm bedside communication, reliable handoffs, and safety focused critical care practice.

EDUCATION

Bachelor of Science in Nursing

2018

Southern Connecticut State University GPA: 3.5

New Haven, CT

Coursework: Critical Care Nursing, Pharmacology, Medical Surgical Nursing, Health Assessment

CERTIFICATIONS

- Basic Life Support, American Heart Association 📅 2026
- Critical Care Registered Nurse, AACN Certification Corporation 📅 2023
- Connecticut Registered Nurse License, Active and Unobstructed 📅 2026
