SUMMARY

Revenue cycle and medical office professional with five years of outpatient healthcare experience supporting referral coordination, patient scheduling, **medical documentation**, prescription workflows, and insurance communication. Coordinates administrative details among physicians, patients, clinical teams, receiving offices, and **insurance representatives** so services move forward with complete information. Maintains accurate **electronic medical records**, referral notes, appointment details, and follow up records while protecting patient information. Reviews documentation for missing or inconsistent details, resolves administrative gaps, and tracks requests through completion. Communicates clearly during patient, clinical, and payer interactions, including status updates and prescription related messages. Holds a high school diploma and valid Georgia driver's license, with practical experience supporting organized, dependable **medical office operations**.

EXPERIENCE

Revenue Cycle Coordinator

Coastal Family Medicine Group 📅 June 2024 - Present 📍 Savannah, Georgia

Coordinate referral, scheduling, prescription, documentation, and payer communication workflows for a multi provider outpatient practice. Support physicians, patients, **insurance representatives**, and receiving offices through accurate records and timely administrative follow through.

- Organized referral records, payer details, and appointment information for timely specialist submissions
- Reviewed incoming documentation and resolved missing details with clinical staff before referral processing
- Scheduled patient and referral visits around provider availability, patient needs, and follow up requirements
- Recorded prescription requests, routed messages to authorized staff, and tracked patient communication
- Answered referral questions from **patients, physicians**, and insurers while protecting medical information
- Maintained electronic records and referral notes for reliable **administrative follow through**

Medical Office Coordinator

Pinecrest Primary Care 📅 October 2021 - May 2024 📍 Pooler, Georgia

Supported daily operations for a busy primary care practice through appointment coordination, patient communication, referral preparation, prescription message handling, insurance inquiries, and accurate administrative records.

- Coordinated appointment scheduling, patient calls, and documentation for routine and follow up visits
- Prepared referral packets with orders, demographics, and relevant records for receiving offices
- Adjusted appointments and callbacks as provider calendars changed, preserving accurate **scheduling information**
- Recorded prescription renewal requests and directed messages to clinical staff for review
- Responded to insurance and outside office inquiries using authorized patient documentation
- Reviewed administrative entries and corrected inconsistencies before downstream workflow delays

LEADERSHIP & AWARDS

- Recognized by clinical colleagues for dependable referral follow through and clear status updates.
- Trusted by office teams to maintain accurate records during scheduling and prescription workflows.

STRENGTHS

📁 **Referral follow through**
Referral records stayed organized from initial request through receiving office contact, a detail colleagues relied on during busy days.

📅 **Patient scheduling**
Provider calendars and patient needs were reconciled carefully, helping appointments stay current when plans changed.

♥ **Documentation accuracy**
Record reviews caught missing or inconsistent details early, giving clinical teams cleaner information for follow through.

💬 **Payer communication**
Insurance questions received clear, privacy conscious responses, and outside offices knew where requests stood.

📄 **Prescription workflow support**
Prescription messages reached authorized clinical staff with complete notes, keeping patient callbacks orderly and timely.
