STRENGTHS

- 🔍 **Diagnostic judgment**
Traced intermittent faults through diagrams and component tests. Colleagues relied on clear findings before approving repairs.
- 💬 **Customer communication**
Turned complex vehicle controls into practical walk throughs. Owners left with clearer answers and greater confidence.
- ♥️ **Warranty accuracy**
Connected test evidence, parts, and labor details in approval files. Service teams gained cleaner reimbursement support.
- 🔧 **Shop reliability**
Balanced competing repair orders without losing clean work habits. Advisors valued dependable status updates and follow through.
- 👥 **Technician mentoring**
Shared diagnostic steps and safe lifting habits with newer technicians. Peers sought guidance on difficult coach systems.

SUMMARY

RV Service Technician with eight years of hands on experience diagnosing, repairing, maintaining, inspecting, and preparing recreational vehicles for **customer delivery**. Work covers Class A, Class C, fifth wheel, and travel trailer units, including 12 volt and 120 volt electrical circuits, appliances, plumbing, carpentry, construction, and coach components. Uses wiring diagrams, multimeters, **technical manuals**, inspection procedures, and service documentation to identify root causes and complete dependable repairs. Manages complex repair orders independently in **flat rate** shop environments, documents parts and materials, coordinates **factory approvals**, and supports warranty reimbursement. Clear customer walk throughs, accurate updates, orderly work areas, and safe lifting practices help protect quality and trust. Brings senior level judgment, technician mentoring, and customer focused service that supports efficient shop operations and reliable vehicle delivery.

EXPERIENCE

Senior RV Service Technician

Desert Trail Coachworks 📅 January 2023 - Present 📍 Mesa, Arizona

Leads complex diagnostic, repair, installation, inspection, warranty, and delivery work across motorized and towable recreational vehicles. Supports service advisors, parts staff, warranty personnel, customers, and developing technicians while balancing flat rate priorities and quality standards.

- Diagnosed Class A and fifth wheel **electrical** faults with diagrams and meters, reducing repeat troubleshooting.
- Completed **appliance**, plumbing, **carpentry**, and coach repairs across motorized units, restoring delivery readiness.
- Installed power, appliance, **plumbing**, and interior accessories, verifying safe routing and dependable operation.
- Prepared factory approval packages with test evidence, parts usage, and **repair** details for warranty reimbursement.
- Performed pre delivery inspections and customer demonstrations, clarifying controls, utilities, appliances, and care requirements.
- Mentored developing technicians on **diagnostic** sequencing, safe lifting, confined spaces, and final repair verification.

RV Service Technician

Canyon State RV Repair 📅 May 2020 - December 2022 📍 Chandler, Arizona

Managed multi system repair orders for towable and motorized RVs, combining diagnostic testing, **component replacement**, **accessory installation**, documentation, and customer readiness checks. Coordinated technical questions across service, parts, warranty, and factory contacts while maintaining safe, orderly shop operations.

- Diagnosed towable and motorized failures before replacement, improving repair accuracy and service record quality.
- Repaired pumps, fixtures, cabinetry, trim, appliances, converters, panels, lighting, and related coach components.
- Interpreted schematics and service literature, giving factory contacts concise test results for technical decisions.
- Installed requested accessories and replacement **components**, completing operational checks before customer return.
- Tracked **materials**, **parts**, and equipment against repair orders, improving handoffs among shop personnel.
- Maintained orderly bays through PPE, **chemical handling**, lifting, ladder, electrical, and confined space practices.

Junior RV Service Technician

Sonoran Mobile RV Care 📅 October 2018 - April 2020 📍 Gilbert, Arizona

LANGUAGES

English	Native
Spanish	Intermediate

MY CAREER

- Senior RV Service Technician at Desert Trail Coachworks (3.8 Years)
- RV Service Technician at Canyon State RV Repair (2.6 Years)
- Junior RV Service Technician at Sonoran Mobile RV Care (1.5 Years)

- Built foundational RV service capability through supervised and increasingly independent maintenance, **inspection**, diagnostic, and repair assignments. Supported pre delivery readiness, customer communication, service documentation, and safe work practices across common electrical, plumbing, appliance, and interior systems.
- Completed pre delivery checklists, identifying leaks, appliance faults, loose hardware, finish damage, and electrical concerns.
 - Diagnosed routine **12 volt**, plumbing, appliance, and interior issues with manuals, **diagrams**, and test equipment.
 - Performed **preventive maintenance** and component replacements, protecting finishes and confirming operation after reassembly.
 - Recorded labor, materials, conditions, and unresolved concerns, giving advisors clear follow up information.
 - Explained basic system operation and maintenance during customer walk throughs under senior technician guidance.
 - Applied safe **lifting**, ladder, **chemical handling**, and clean work practices during field service assignments.

PROJECTS

- RV Delivery Readiness Program** 📅 2024
- Created a repeatable inspection and customer demonstration workflow for complex recreational vehicles, improving issue visibility before pickup and giving owners clearer guidance on controls, utilities, appliances, and routine care.
- Warranty Documentation Improvement** 📅 2023
- Refined repair evidence and parts documentation for factory approval requests, helping service personnel submit clearer warranty files and maintain stronger connections between diagnostics, labor, materials, and reimbursement.

LEADERSHIP & AWARDS

- Recognized by service leadership for dependable completion of complex RV repair orders and customer delivery preparation.
- Selected to mentor developing technicians on diagnostic sequencing, safe work practices, and final repair verification.
- Earned customer trust through clear vehicle demonstrations and practical maintenance guidance after service completion.

EDUCATION

Associate of Applied Science in Automotive Technology
Mesa Community College 🎓 GPA: 3.5 📅 2018 📍 Mesa, Arizona
***Coursework:** Automotive electrical systems, engine fundamentals, service diagnostics, safety procedures*

CERTIFICATIONS

- ASE Automobile and Light Truck Certification 📅 2022
