STRENGTHS

- 📋 **Credential screening**
Verified badges, identification, and authorization at busy entry points. A clear check prevented confusion and protected site access.
- 👁️ **Patrol awareness**
Covered parking, loading, interior, and perimeter areas through scheduled and random patrols. Small observations often guided timely action.
- 🔔 **Calm response**
Handled alarms and access concerns with steady communication. Site contacts received useful information without added confusion.
- ♥️ **Clear reporting**
Recorded incidents, exceptions, and observations for dependable handoffs. Good notes became a trusted reference during follow up.
- 👥 **Customer service**
Gave practical directions to visitors, drivers, and contractors. Respectful explanations kept security controls moving during busy shifts.

SUMMARY

Security professional with four years supporting access control, **credential screening**, patrol operations, incident response, alarm response, and customer service across manufacturing and distribution environments. Verifies employee, visitor, contractor, vehicle, package, and delivery access while applying site procedures consistently. Maintains visible coverage across entry points, **parking areas**, facility interiors, and perimeter zones through scheduled and random patrols. Issues visitor credentials, resolves badge concerns, records access activity, and prepares clear incident reports for dependable shift handoffs. Communicates calmly with employees, drivers, vendors, visitors, site contacts, and emergency responders during alarms or access concerns. Holds a **high school diploma**, Illinois PERC, and First Aid, CPR, and AED certification. Offers practical judgment, reliable documentation, and respectful service in a full time **automotive manufacturing** security setting.

EXPERIENCE

Security Officer

Ironwood Distribution Center 📅 June 2024 - Present 📍 Normal, IL

Supports controlled entry, visitor processing, patrol coverage, alarm response, package screening, and security reporting for a high volume distribution facility. Maintains dependable **access records** while serving employees, drivers, vendors, contractors, and visitors during active shift changes.

- Verified badges, **identification**, contractor **authorization**, and delivery appointments before granting controlled facility access.
- Issued **visitor credentials** and maintained access logs for leadership review and dependable daily records.
- Patrolled loading areas, parking lots, corridors, and perimeter points using scheduled and random routes.
- Assessed door alarms and credential exceptions, then communicated observations to designated site contacts.
- Screened vehicles and packages at receiving points, documenting **unusual activity** for follow up.
- Explained policies and directions courteously to drivers, vendors, **employees**, and visitors during busy shifts

Access Control Officer

Riverbend Components 📅 September 2022 - May 2024 📍 Peoria, IL

Supported **access control** and patrol operations at a manufacturing facility, protecting entry points, parking areas, and production access. Produced clear shift reports, handled routine alarms, and guided employees, contractors, vendors, and visitors through site procedures.

- Screened badges and identification for employees, **contractors**, vendors, and scheduled **visitors** at entry.
- Monitored entry and exit points during production shifts, resolving routine authorization questions promptly.
- Patrolled facility and **parking areas**, reporting unsecured doors, access irregularities, and safety concerns.
- Recorded **incidents**, access exceptions, and patrol observations in clear reports for reliable handoffs.
- Responded to **alarms** and urgent concerns, communicating concise observations through established site procedures.
- Explained visitor credentials, delivery routing, and contractor check in requirements at the security desk
