STRENGTHS

- 🔍 **Screening judgment**
At busy entrances, checked credentials and packages carefully while keeping authorized traffic moving smoothly.
- ♥️ **Calm incident response**
When access questions arose, used steady communication and clear escalation steps before documenting events.
- 📌 **Accurate records**
Tablet logs captured visitor, delivery, and unusual activity details, giving supervisors reliable shift information.
- 👥 **Customer service**
Explained entry requirements respectfully to drivers and visitors, even during confusing delivery periods.
- 👁️ **Patrol awareness**
Routine and random patrols helped spot unsecured doors, unusual activity, and perimeter concerns early.

SUMMARY

Security officer with three years of experience supporting **loss prevention screening**, access control, **distribution facility** security, patrol operations, and customer facing security posts. Screens employees, visitors, packages, deliveries, and credentials while maintaining accurate visitor, delivery, access, and unusual occurrence records. Uses computers, tablets, electronic logs, **visitor records**, and badge procedures to support orderly entry and reliable shift documentation. Provides overnight and weekend coverage across **loading areas**, employee entrances, staging zones, parking areas, and facility perimeters. Responds calmly to access disputes, unusual activity, and operational incidents, contacting designated personnel when escalation is needed. Balances courteous service with consistent post procedures, practical problem solving, and careful documentation during changing operating conditions.

EXPERIENCE

Security Officer, Loss Prevention

Circle City Security Group 📅 April 2025 - Present 📍 Indianapolis, IN

Supports **loss prevention screening** and access control at a high volume distribution site. Manages electronic records, badge procedures, visitor activity, deliveries, loading areas, perimeter patrols, incident escalation, and overnight post coverage. Provides dependable service while applying site procedures and documenting events for supervisors and incoming officers.

- Screened **employees**, visitors, packages, and deliveries against **post procedures** before controlled entry.
- Resolved badge discrepancies through electronic records, then escalated questionable access before restricted entry.
- Recorded visitor activity, **deliveries**, and **unusual occurrences** on tablets for supervisor review.
- Patrolled loading areas, staging zones, entrances, and **perimeter** points during overnight coverage.
- Responded calmly to access disputes, contacted site personnel, and documented incidents before shift completion.
- Accepted additional assignments while adapting to revised post orders and screening expectations.

Security Officer

Hoosier Facility Protection 📅 October 2023 - March 2025 📍 Plainfield, IN

Staffed **access control** posts at warehouse facilities serving employees, contractors, visitors, and delivery drivers. Applied screening procedures, maintained computer and tablet records, completed evening and overnight patrols, explained entry requirements, and prepared shift turnover notes that supported continuity and orderly facility operations.

- Verified employee, contractor, visitor, and driver authorization before directing facility traffic.
- Screened bags, **packages**, and deliveries, documenting exceptions for supervisor disposition.
- Entered visitor activity, delivery details, patrol observations, and incidents into electronic records.
- Patrolled warehouse exteriors, loading approaches, parking areas, and perimeter boundaries overnight.
- Explained entry requirements courteously to drivers and **visitors** while maintaining access restrictions.
- Prepared turnover notes covering access issues, unusual events, and facility observations for incoming officers.

PROJECTS

Overnight Distribution Security Coverage 📅 2026

Small gaps create larger security concerns. Strengthened overnight screening through consistent badge checks, patrol routes, delivery records, and clear shift turnover practices at a distribution facility.
