Magnolia Curry

Senior Federal Construction Program Manager

JUNE 24, 2026

Hiring Manager
GDM Engineering Solutions
Palo Alto, CA
Palo Alto, California

Dear Hiring Manager,

I am thrilled to apply for the Senior Federal Construction Program Manager position at GDM Engineering Solutions, a role that fits perfectly with my extensive experience and passion, which stems from overseeing intricate federal healthcare projects since 2013.

Leading multifaceted construction programs has shaped my capabilities significantly, helping to enhance my problem-solving skills while ensuring adherence to technical quality standards; this position promises an extraordinary opportunity to expand my management role further, driving success across multiple projects.

At National Health Projects, I expertly navigated complex delivery issues, ensuring projects stayed on course by coordinating with diverse teams while establishing a supportive environment that fosters growth and collaboration; results reflected enhanced stakeholder satisfaction due to my efforts in maintaining high-quality standards.

Participating actively in regional healthcare renovations, I implemented effective communication channels that streamlined project workflows, ultimately mitigating risks and maintaining project timelines; this proactive engagement led to reduced delays and improved project outcomes.

I achieve results through strong oversight and mentorship, supporting junior managers and technical staff to cultivate a culture of improvement and success; these efforts dovetail perfectly with GDM Engineering Solutions' commitment to quality in federal healthcare facility projects.

I look forward to discussing further how my unique experiences align with your team's needs.

Thanks,

Magnolia Curry
