EXPERIENCE

Finance Data Analyst

Acme Corporation 📅 March 2021 - Present 📍 Remote

Lead the development of advanced analytics that supports financial decision-making across departments. Transform complex data into actionable insights by analyzing large datasets. Collaborate with various teams to identify trends and orchestrate data-informed decisions. Communicate analytical findings effectively to stakeholders to resonate with their needs.

- Design dashboards that visually represent key financial metrics for executive leadership.
- Manipulate and analyze data using advanced SQL techniques for improved understanding.
- Enhance dashboards and reports that drive critical business strategies and actions.
- Respond promptly to data inquiries with comprehensive analytics-driven insights.

Junior Data Analyst

XYZ Solutions 📅 June 2018 - February 2021 📍 Remote

Assisted in the creation of reports that contributed to strategic initiatives within the company. Analyzed variances between expected and actual outcomes, enhancing the team's focus on accuracy and timeliness. Collaborated closely with project managers on data-related tasks to ensure impactful execution of strategies.

- Support senior analysts by developing reports that highlight performance indicators.
- Identify trends in financial data impacting business profitability and operational efficiency.
- Work alongside cross-functional teams, facilitating discussions around data-driven solutions.
- Maintain rigorous quality checks on data processes to uphold data integrity.

Data Analyst Intern

Innovation Inc. 📅 September 2017 - May 2018 📍 Chicago, IL

Provided foundational support in data collection and analysis during key financial projects. Assisted the data science team with creating insights into market trends through comprehensive research and analytical reporting.

- Compile and clean datasets to prepare for analysis.
- Assist in generating internal dashboard reports showcasing metrics valuable to marketing strategy.
- Contribute to enhancements of existing analytical tools relied upon by the finance department.
- Partnered with mentors and peers, learning best practices in data analysis and visualization.

LEADERSHIP & AWARDS

- Data Excellence Award for innovation in financial modeling at Acme Corporation.
- Top Internship Award for impactful contributions during internship at Innovation Inc.
